This Supplemental Information contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act). Forward-looking statements involve numerous risks and uncertainties and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all). The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements: adverse economic or real estate developments in our markets; defaults on, early terminations of or non-renewal of leases by tenants, including significant tenants; decreased rental rates or increased vacancy rates; our failure to generate sufficient cash flows to service our outstanding indebtedness; fluctuations in interest rates and increased operating costs; our failure to obtain necessary outside financing; our inability to develop or redevelop our properties due to market conditions; investment returns from our developed properties may be less than anticipated; general economic conditions, including the impact of tariffs and other trade restrictions; financial market fluctuations; risks that affect the general office, retail, multifamily and mixed-use environment; the competitive environment in which we operate; system failures or security incidents through cyberattacks; the impact of epidemics, pandemics, or other outbreaks of illness, disease or virus and the actions taken by government authorities and others related thereto, including the ability of our company, our properties and our tenants to operate; difficulties in identifying properties to acquire and completing acquisitions; our failure to successfully operate acquired properties and operations; risks related to joint venture arrangements; potential litigation; difficulties in completing dispositions; conflicts of interests with our officers or directors; lack of or insufficient amounts of insurance; environmental uncertainties and risks related to adverse weather conditions and natural disasters; other factors affecting the real estate industry generally; limitations imposed on our business and our ability to satisfy complex rules in order for American Assets Trust, Inc. to continue to qualify as a REIT, for U.S. federal income tax purposes; and changes in governmental regulations or interpretations thereof, such as real estate and zoning laws and increases in real property tax rates and taxation of REITs.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We disclaim any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions or factors, or new information, data or methods, future events or other changes. For a further discussion of these and other factors that could impact our future results, refer to our most recent Annual Report on Form 10-K and other risks described in documents subsequently filed by us from time to time with the Securities and Exchange Commission.

Cash NOI is a non-GAAP supplemental earnings measure which the company considers meaningful in measuring its operating performance. A reconciliation of total cash NOI to net income is included in the Glossary of Terms.

Notes:

(1) Base rent for our office and retail portfolios and the retail portion of our mixed-use portfolio represents base rent for the three months ended March 31, 2025 (before deferrals, abatements, and tenant improvement reimbursements) and excludes the impact of straight-line rent and above (below) market rent adjustments. Total abatements for our office portfolio and retail portfolio were approximately \$2.1 million and \$0.1 million, respectively, for the three months ended March 31, 2025. Total abatements for our mixed-use portfolio were minimal for the three months ended March 31, 2025. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses. Multifamily portfolio base rent represents base rent (including parking, before abatements) less vacancy allowance and employee rent credits and includes additional rents (which include insufficient notice penalties, month-to-month charges and pet rent). There were \$0.1 million of abatements for our multifamily portfolio for the three months ended March 31, 2025. For Waikiki Beach Walk - Embassy Suites™, base rent is equal to the actual room revenue for the three months ended March 31, 2025. Total tenant improvement reimbursements for our office portfolio, retail portfolio and the retail portion of our mixed-use portfolio were approximately \$0.2 million in the aggregate for the three months ended March 31, 2025. A reconciliation of base rent to rental income is shown below:

Base Rent	\$ 92,478
Billed Expense Reimbursement	12,227
Percentage Rent	(385)
Straight-line rent components	(356)
Other Rental Income*	(1,013)
Rental Income	<u>\$ 102,951</u>

* Other rental income includes rent abatement, rent deferral, above market rent, below market rent, lease incentives, tenant improvement reimbursement, storage rent and other miscellaneous rental income.

- (2) Represents additional property-related income for the three months ended March 31, 2025, which includes (i) percentage rent, (ii) other rent (such as storage rent, license fees and association fees) and (iii) other property income (such as late fees, default fees, parking revenue, the reimbursement of general excise taxes, laundry income and food and beverage sales), and excludes lease termination fees.
- (3) Represents billed tenant expense reimbursements for the three months ended March 31, 2025.
- (4) Represents property operating expenses for the three months ended March 31, 2025. Property operating expenses includes all rental expenses, except non cash rent expense.
- (5) Represents rental adjustments related to base rent (deferrals and abatements).
- (6) See Glossary of Terms.
- (7) Base rent shown includes amounts related to American Assets Trust, L.P.'s corporate leases at Torrey Point and Lloyd Portfolio. This intercompany rent is eliminated in the consolidated statement of operations. The base rent and abatement were both \$0.4 million for the three months ended March 31, 2025.
- (8) 14Acres was formerly known as Eastgate Office Park.
- (9) Timber Ridge was formerly known as Corporate Campus East III.
- (10) Timber Springs was formerly known as Bel-Spring 520.

- Notes:
- (1) Includes interest and principal payments due over the next twelve months.
 - (2) The Secured Notes Payable total does not include debt issuance costs, net of \$0.2 million.
 - (3) Term Loan A has a stated maturity of January 5, 2027, with no further extension options. Term Loan A accrues interest at a variable rate, which we fixed as part of an interest rate swap for an effective interest rate of 2.70%, subject to adjustments based on our consolidated leverage ratio.
 - (4) \$250 million of 4.29% Senior Guaranteed Notes, Series D, due March 1, 2027. Net of the settlement of the forward-starting interest rate swap, the effective interest rate for the Series D Notes is approximately 3.87% per annum, through maturity.
 - (5) \$100 million of 4.24% Senior Guaranteed Notes, Series E, due May 23, 2029. Net of the settlement of the treasury lock contract, the effective interest rate for the Series E Notes is approximately 4.18%, through maturity.
 - (6) \$150 million of 3.91% Senior Guaranteed Notes, Series G, due July 30, 2030. Net of the settlement of the treasury lock contract, the effective interest rate for the Series G Notes is approximately 3.88% through maturity.
 - (7) \$500 million of 3.375% Senior Notes due February 1, 2031. Net of the debt issuance discount, the effective interest rate for the 3.375% Notes is approximately 3.502% through maturity.
 - (8) \$525 million of 6.150% Senior Notes due October 1, 2034. Net of the debt issuance discount and settlement of the treasury lock contracts, the effective interest rate for the 6.150% Notes is approximately 6.209% through maturity.
 - (9) The Unsecured Notes Payable total does not include debt issuance costs and discounts, net of \$13.7 million.
 - (10) The unsecured revolving line of credit (the "Revolver Loan") has a capacity of \$400 million plus an accordion feature that may allow us to increase the availability thereunder up to an additional \$400 million, subject to meeting specified requirements and obtaining additional commitments from lenders. The Revolver Loan matures on January 5, 2026, subject to our option to extend the Revolver Loan up to two times, with each such extension for a six-month period. The Revolver Loan currently accrues interest at SOFR, plus the applicable SOFR adjustment and a spread which ranges from 1.05%-1.50%, based on our consolidated leverage ratio. The Revolver Loan total does not include debt issuance costs, net of \$0.5 million.

Notes:

- (1) Net debt is equal to total debt less cash on hand.
- (2) See Glossary of Terms for discussion of EBITDA and Adjusted EBITDA.
- (3) As used here, Adjusted EBITDA represents the actual for the three months ended March 31, 2025, annualized.
- (4) Calculated as Adjusted EBITDA divided by interest on borrowed funds, including capitalized interest and excluding debt fair value adjustments and loan fee amortization.
- (5) The debt covenant headings set forth in this table are utilized, and the covenants themselves are detailed, in the documents governing the 3.375% Senior Notes and the 6.150% Senior Notes.

First Quarter 2025 Supplemental Information

Adjusted EBITDA is a non-GAAP supplemental earnings measure which we consider meaningful in measuring our operating performance. Reconciliations of Adjusted EBITDA to net income are in the Glossary of Terms.

Our portfolio has numerous potential opportunities to create future shareholder value. These opportunities could be subject to government approvals, lender consents, tenant consents, market conditions, availability of debt and/or equity financing, etc. Many of these opportunities are in their preliminary stages and may not ultimately come to fruition. This schedule will update as we modify various assumptions and markets conditions change. Square footages and units set forth below are estimates only and ultimately may differ materially from actual square footages and units.

Notes:

(1) The estimated stabilized yield is calculated based on total estimated project costs, as defined above, when the project has reached stabilized occupancy.

(2) Based on management's estimation of stabilized occupancy (90%).

(3) Project costs exclude capitalized interest cost which is calculated in accordance with Accounting Standards Codification 835-20-50-1.

(4) The Lloyd Portfolio was acquired in 2011, consisting of approximately 600,000 rentable square feet on more than 16 acres located in the Lloyd District of Portland, Oregon. The portion of the property that has been designated for additional development is expected to include a high density, transit oriented, mixed-use urban village, with the potential to be in excess of approximately three million square feet. The zoning for such development opportunity allows a 12:1 Floor Area Ratio with a 250 foot height limit and provides for retail, office and/or multifamily development. Additional development plans are in the early stages and will continue to progress as demand and economic conditions allow.

- Notes:
- (1)

The net rentable square feet for each of our retail properties and the retail portion of our mixed-use property is the sum of (1) the square footages of existing leases, plus (2) for available space, the field-verified square footage. The net rentable square feet for each of our office properties is the sum of (1) the square footages of existing leases, plus (2) for available space, management’s estimate of net rentable square feet based, in part, on past leases. The net rentable square feet included in such office leases is generally determined consistently with the Building Owners and Managers Association, 2017 measurement guidelines. Net rentable square footage may be adjusted from the prior periods to reflect re-measurement of leased space at the properties.
- (2)

Percentage leased for each of our retail and office properties and the retail portion of the mixed-use property includes square footage under leases as of March 31, 2025, including leases which may not have commenced as of March 31, 2025. Percentage leased for our multifamily properties includes total units rented and occupied as of March 31, 2025.
- (3)

Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements)) under commenced leases for the month ended March 31, 2025 by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses. The foregoing notwithstanding:
 - The annualized base rent for La Jolla Commons has been adjusted for this presentation to reflect that the contractual triple net leases were instead structured as modified gross leases, by adding the contractual annualized triple net base rent of \$36,918,948 to our estimate of annual triple net operating expenses of \$10,502,150 for an estimated annualized base rent on a modified gross lease basis of \$47,421,098 for La Jolla Commons.
 - The annualized base rent for 14Acres has been adjusted for this presentation to reflect that the contractual triple net leases were instead structured as modified gross leases, by adding the contractual annualized triple net base rent of \$4,686,729 to our estimate of annual triple net operating expenses of \$1,800,026 for an estimated annualized base rent on a modified gross lease basis of \$6,486,755 for 14Acres.
 - The annualized base rent for Timber Ridge has been adjusted for this presentation to reflect that the contractual triple net leases were instead structured as modified gross leases, by adding the contractual annualized triple net base rent of \$4,554,823 to our estimate of annual triple net operating expenses of \$2,300,991 for an estimated annualized base rent on a modified gross lease basis of \$6,855,814 for Timber Ridge.
 - The annualized base rent for Timber Springs has been adjusted for this presentation to reflect that the contractual triple net leases were instead structured as modified gross leases, by adding the contractual annualized triple net base rent of \$1,821,230 to our estimate of annual triple net operating expenses of \$764,659 for an estimated annualized base rent on a modified gross lease basis of \$2,585,889 for Timber Springs.
- (4)

Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage under lease as of March 31, 2025. Annualized base rent per leased unit is calculated by dividing annualized base rent by units under lease as of March 31, 2025. The foregoing notwithstanding, the annualized base rent per leased square foot for La Jolla Commons, 14Acres, Timber Ridge and Timber Springs has been adjusted for this presentation to reflect that the contractual triple net leases were instead structured as modified gross leases. See footnote 3 for further explanation.

- (5) Retail anchor tenants are defined as retail tenants leasing 50,000 square feet or more.
- (6) Other principal retail tenants, excluding anchor tenants.
- (7) Data for La Jolla Commons does not include La Jolla Commons - Tower III, which remains under development. However, as of March 31, 2025, 53,999 out of 206,231 rentable square feet, or 26.2%, of La Jolla Commons - Tower III has been leased.
- (8) This property contains 422,426 net rentable square feet consisting of The Landmark at One Market (378,206 net rentable square feet) as well as a separate long-term leasehold interest in approximately 44,220 net rentable square feet of space located in an adjacent six-story leasehold known as the Annex. We currently lease the Annex from an affiliate of the Paramount Group pursuant to a long-term master lease effective through June 30, 2026, which we have the option to extend until 2031 pursuant to one five-year extension option.
- (9) 14Acre was formerly known as Eastgate Office Park.
- (10) Timber Ridge was formerly known as Corporate Campus East III.
- (11) Timber Springs was formerly known as Bel-Spring 520.
- (12) Lease data for signed but not commenced leases as of March 31, 2025 is in the following table:

	Leased Square Feet Under Signed But Not Commenced Leases (a)	Annualized Base Rent (b)	Annualized Base Rent per Leased Square Foot (b)	Pro Forma Annualized Base Rent per Leased Square Foot (c)
Office Portfolio	86,998	\$ 4,300,162	\$ 49.43	\$ 57.74
Retail Portfolio	10,412	\$ 339,178	\$ 32.58	\$ 29.80
Total Retail and Office Portfolio	97,410	\$ 4,639,340	\$ 47.63	\$ 46.47

- (a) Office portfolio leases signed but not commenced of 26,671, 19,358, 20,451, and 20,518 square feet are expected to commence during the second, third, and fourth quarters of 2025, and the first quarter of 2026, respectively. Retail portfolio leases signed but not commenced of 8,712 and 1,700 square feet are expected to commence during the fourth quarter of 2025 and first quarter of 2026, respectively.
- (b) Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements) for signed but not commenced leases as of March 31, 2025 by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses. Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage for signed by not commenced leases.
- (c) Pro forma annualized base rent is calculated by dividing annualized base rent for commenced leases and for signed but not commenced leases as of March 31, 2025, by square footage under lease as of March 31, 2025.
- (13) Net rentable square feet at certain of our retail properties includes pad sites leased pursuant to the ground leases in the following table:

Property	Number of Ground Leases	Square Footage Leased Pursuant to Ground Leases	Aggregate Annualized Base Rent
Carmel Mountain Plaza	5	17,607	\$ 1,047,410
South Bay Marketplace	1	2,824	\$ 114,552
Alamo Quarry Market	3	20,694	\$ 423,455

- (14) The Santa Fe Park RV Resort is subject to seasonal variation, with higher rates of occupancy occurring during the summer months. During the 12 months ended March 31, 2025, the highest average monthly occupancy rate for this property was 86.3%, occurring in June 2024. The number of units at the Santa Fe Park RV Resort includes 120 RV spaces and four apartments.
- (15) Hassalo on Eighth - Multifamily includes three residential buildings: Velomor, Aster Tower, and Elwood.
- (16) Average occupancy represents the percentage of available units that were sold during the three months ended March 31, 2025, and is calculated by dividing the number of units sold by the product of the total number of units and the total number of days in the period. Average daily rate represents the average rate paid for the units sold and is calculated by dividing the total room revenue (i.e., excluding food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services) for the three months ended March 31, 2025 by the number of units sold. Revenue per available room, or RevPAR, represents the total unit revenue per total available units for the three months ended March 31, 2025 and is calculated by multiplying average occupancy by the average daily rate. RevPAR does not include food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services.

Notes:

- (1) Comparable leases represent those leases signed on spaces for which there was a previous lease, including leases signed for the retail portion of our mixed-use property.
- (2) Contractual rent represents contractual minimum rent under the new lease for the first twelve months of the term.
- (3) Prior rent represents the minimum rent paid under the previous lease in the final twelve months of the term.
- (4) Weighted average is calculated on the basis of square footage.
- (5) Includes renewals at fixed contractual rates specified in the lease.
- (6) Prior tenants' rent was modified to cash-basis, therefore there is no straight-line rent for comparison.
- (7) Comparable renewal leases for the first quarter of 2025 excludes approximately 7,000 square feet of leases renewed at Del Monte Center, which was sold on February 25, 2025.

2nd Quarter 2024	319	86.4%	\$367	\$317

Notes:

- (1) Percentage leased for mixed-use property includes square footage under leases as of March 31, 2025, including leases which may not have commenced as of March 31, 2025.
- (2) Annualized base rent is calculated by multiplying base rental payments (defined as cash base rents (before abatements)) for the month ended March 31, 2025 by 12. In the case of triple net or modified gross leases, annualized base rent does not include tenant reimbursements for real estate taxes, insurance, common area or other operating expenses.
- (3) Annualized base rent per leased square foot is calculated by dividing annualized base rent, by square footage under lease as of March 31, 2025.
- (4) Average occupancy represents the percentage of available units that were sold during the three months ended March 31, 2025, and is calculated by dividing the number of units sold by the product of the total number of units and the total number of days in the period. Average daily rate represents the average rate paid for the units sold and is calculated by dividing the total room revenue (i.e., excluding food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services) for each respective quarter period by the number of units sold. Revenue per available room, or RevPAR, represents the total unit revenue per total available units for each respective quarter period and is calculated by multiplying average occupancy by the average daily rate. RevPAR does not include food and beverage revenues or other hotel operations revenues such as telephone, parking and other guest services.

- Notes:
- (1) Annualized base rent per leased square foot is calculated by dividing (i) annualized base rent for leases expiring during the applicable period, by (ii) square footage under such expiring leases. Annualized base rent is calculated by multiplying (i) base rental payments (defined as cash base rents (before abatements)) for the month ended March 31, 2025 for the leases expiring during the applicable period by (ii) 12 months.
 - (2) Individual items may not add up to total due to rounding.

APPENDIX

Earnings Before Interest, Taxes, Depreciation, and Amortization (EBITDA): EBITDA is a non-GAAP measure that means net income or loss plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate and impairments of real estate, if any. EBITDA is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDA for the three months ended March 31, 2025 and 2024 is as follows:

	Three Months Ended March 31,	
	2025	2024
Net income	\$ 54,107	\$ 24,623
Depreciation and amortization	30,494	30,217
Interest expense, net	18,780	16,255
Interest income	(1,332)	(589)
Income tax expense	417	260
Gain on sale of real estate	(44,476)	—
EBITDA	\$ 57,990	\$ 70,766

Adjusted EBITDA: Adjusted EBITDA is a non-GAAP measure that begins with EBITDA and includes adjustments for certain items that we believe are not representative of ongoing operating performance. Specifically, we include an early extinguishment of debt adjustment and pro forma adjustment to reflect a full period of NOI on the operating properties we acquire during the quarter, to assume all transactions occurred at the beginning of the quarter. We use Adjusted EBITDA as a supplemental performance measure because we believe these items create significant earnings volatility which in turn results in less comparability between reporting periods and less predictability regarding future earnings potential. However, Adjusted EBITDA should not be considered an alternative measure of operating results or cash flow from operations as determined by GAAP. The reconciliation of EBITDA to Adjusted EBITDA for the three months ended March 31, 2025 and 2024 is as follows:

	Three Months Ended March 31,	
	2025	2024
EBITDA	\$ 57,990	\$ 70,766
Pro forma adjustments	—	—
Adjusted EBITDA	\$ 57,990	\$ 70,766

Earnings Before Interest, Taxes, Depreciation, and Amortization for Real Estate (EBITDAre): EBITDAre is a supplemental non-GAAP measure of real estate companies' operating performances. The National Association of Real Estate Investment Trusts (NAREIT) defines EBITDAre as follows: net income or loss, computed in accordance with GAAP plus depreciation and amortization, net interest expense, income taxes, gain or loss on sale of real estate including gain or loss on change of control, impairments of real estate, and adjustments to reflect the entity's share of EBITDAre of unconsolidated affiliates, if any. EBITDAre is presented because it approximates a key performance measure in our debt covenants, but it should not be considered an alternative measure of operating results or cash flow from operations as determined in accordance with GAAP. The reconciliation of net income to EBITDAre for the three months ended March 31, 2025 and 2024 is as follows:

	Three Months Ended March 31,	
	2025	2024
Net income	\$ 54,107	\$ 24,623
Depreciation and amortization	30,494	30,217
Interest expense, net	18,780	16,255
Interest income	(1,332)	(589)
Income tax expense	417	260
Gain on sale of real estate	(44,476)	—
EBITDAre	\$ 57,990	\$ 70,766

Funds From Operations (FFO): FFO is a supplemental measure of real estate companies' operating performances. NAREIT defines FFO as follows: net income, computed in accordance with GAAP plus depreciation and amortization of real estate assets and excluding extraordinary items, gains and losses on sale of real estate and impairment losses. NAREIT developed FFO as a relative measure of performance and liquidity of an equity REIT in order to recognize that the value of income-producing real estate historically has not depreciated on the basis determined under GAAP. However, FFO does not represent cash flows from operating activities in accordance with GAAP (which, unlike FFO, generally reflects all cash effects of transactions and other events in the determination of net income); should not be considered an alternative to net income as an indication of our performance; and is not necessarily indicative of cash flow as a measure of liquidity or ability to pay dividends. We consider FFO a meaningful additional measure of operating performance primarily because it excludes the assumption that the value of real estate assets diminishes predictably over time, and because industry analysts have accepted it as a performance measure. Comparison of our presentation of FFO to similarly titled measures for other REITs may not necessarily be meaningful due to possible differences in the application of the NAREIT definition used by such REITs.

Funds Available for Distribution (FAD): FAD is a supplemental measure of our liquidity. We compute FAD by subtracting from FFO As Adjusted tenant improvements, leasing commissions and maintenance capital expenditures, eliminating the net effect of straight-line rents, amortization of above (below) market rents for acquisition properties, the effects of other lease intangibles, adding noncash amortization of deferred financing costs and debt fair value adjustments, adding noncash compensation expense, and adding (subtracting) unrealized losses (gains) on marketable securities. FAD provides an additional perspective on our ability to fund cash needs and make distributions by adjusting FFO for the impact of certain cash and noncash items, as well as adjusting FFO for recurring capital expenditures and leasing costs. However, other REITs may use different methodologies for calculating FAD and, accordingly, our FAD may not be comparable to other REITs.

Net Operating Income (NOI): We define NOI as operating revenues (rental income, tenant reimbursements, lease termination fees, ground lease rental income and other property income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance). NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expense, other nonproperty income and losses, gains and losses from property dispositions, extraordinary items, tenant improvements and leasing commissions. Other REITs may use different methodologies for calculating NOI, and accordingly, our NOI may not be comparable to other REITs. Since NOI excludes general and administrative expenses, interest expense, depreciation and amortization, acquisition-related expenses, other nonproperty income and losses, gains and losses from property dispositions, and extraordinary items, it provides a performance measure that, when compared year over year, reflects the revenues and expenses directly associated with owning and operating commercial real estate and the impact to operations from trends in occupancy rates, rental rates, and operating costs, providing a perspective on operations not immediately apparent from net income. However, NOI should not be viewed as an alternative measure of our financial performance since it does not reflect general and administrative expenses, interest expense, depreciation and amortization costs, other nonproperty income and losses, the level of capital expenditures and leasing costs necessary to maintain the operating performance of the properties, or trends in development and construction activities which are significant economic costs and activities that could materially impact our results from operations.

Overall Portfolio: Includes all operating properties owned by us as of March 31, 2025.

Cash NOI: We define cash NOI as operating revenues (rental income, tenant reimbursements (other than tenant improvement reimbursements), ground lease rental income and other property income) less property and related expenses (property expenses, ground lease expense, property marketing costs, real estate taxes and insurance), adjusted for non-cash revenue and operating expense items such as straight-line rent, amortization of lease intangibles, amortization of lease incentives and other adjustments. Cash NOI also excludes lease termination fees, tenant improvement reimbursements, general and administrative expenses, depreciation and amortization, interest expense, other non-property income and losses, acquisition-related expense, gains and losses from property dispositions, extraordinary items, tenant improvements, and leasing commissions. Other REITs may use different methodologies for calculating cash NOI, and accordingly, our cash NOI may not be comparable to the cash NOIs of other REITs. We believe cash NOI provides useful information to investors regarding the company's financial condition and results of operations because it reflects only those income and expense items that are incurred at the property level, and when compared across periods, can be used to determine trends in earnings of the company's properties as this measure is not affected by (1) the non-cash revenue and expense recognition items, (2) the cost of funds of the property owner, (3) the impact of depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets that are included in net income computed in accordance with GAAP or (4) general and administrative expenses and other gains and losses that are specific to the property owner. We believe the exclusion of these items from net (loss) income is useful because the resulting measure captures the actual revenue generated and actual expenses incurred in operating the company's properties as well as trends in occupancy rates, rental rates and operating costs. Cash NOI is a measure of the operating performance of the company's properties but does not measure the company's performance as a whole. Cash NOI is therefore not a substitute for net income as computed in accordance with GAAP. A Reconciliation of Total Cash NOI to Operating Income is presented below:

Same-Store Portfolio, Non-Same Store Portfolio and Redevelopment Same-Store: Information provided on a same-store basis includes the results of properties that we owned and operated for the entirety of both periods being compared except for properties for which significant redevelopment or expansion occurred during either of the periods being compared, properties under development, properties classified as held for development and properties classified as discontinued operations. Information provided on a redevelopment same-store basis includes the results of properties undergoing significant redevelopment for the entirety or portion of both periods being compared. The following table shows the properties included in the same-store, non-same store and redevelopment same-store portfolio for the comparative periods presented.

Same-Store Cash NOI Comparison with Redevelopment: As noted below in the definition of Same-Store, Non-Same Store and Redevelopment Same-Store, information provided on a redevelopment same-store basis includes the results of properties undergoing significant redevelopment for the entirety or portion of both periods being compared. Redevelopment same-store is considered by management to be an important measure because it assists in eliminating disparities due to the redevelopment of properties during the particular period presented, and thus provides a more consistent performance measure for the comparison of the company’s stabilized and redevelopment properties, as applicable. Additionally, redevelopment same-store is considered by management to be an important measure because it assists in evaluating the timing of the start and stabilization of our redevelopment opportunities and the impact that these redevelopments have in enhancing our operating performance. We present Same-Store Cash NOI Comparison with Redevelopment using cash NOI to evaluate and compare the operating performance of the company’s properties, as defined above. A reconciliation of Same-Store Cash NOI Comparison with Redevelopment on a cash basis to operating income is presented below:

Tenant Improvements and Incentives: Represents not only the total dollars committed for the improvement (fit-out) of a space as it relates to a specific lease but may also include base building costs (i.e. expansion, escalators, new entrances, etc.) which are required to make the space leasable. Incentives include amounts paid to tenants as an inducement to sign a lease that do not represent building improvements.
