

Manitowoc®

Third-Quarter 2026 Earnings Conference Call

November 4, 2026

Forward-Looking Statements

Safe Harbor Statement
Forward-looking statements are those focused upon anticipated events or trends, expectations, and beliefs relating to matters that are not historical in nature, including statements regarding our anticipated financial results, market outlook, project work, and earnings potential bridge. These statements are based on the current expectations of the management of the Company, only speak as of the date on which they are made and are subject to uncertainty and changes in circumstances.

The Company undertakes no obligation to update or revise forward-looking statements, whether as a result of new information, future events, or otherwise. As a general matter, forward-looking statements are those focused upon anticipated events or trends, expectations and beliefs relating to matters that are not historical in nature. The words "could," "should," "may", "feel," "anticipate," "aim," "preliminary," "expect," "believe," "estimate," "intend," "intent," "plan," "will," "foresee," "project," "forecast," or the negative thereof or variations thereon, and similar expressions identify forward-looking statements. By their nature, forward-looking statements are not guarantees of future performance or results and involve risks and uncertainties because they relate to events and depend on circumstances that will occur in the future.

There are a number of risks, uncertainties, and other factors that could cause actual results and developments to differ materially from those expressed or implied by such forward-looking statements. For a list of risks, uncertainties, and other factors that could cause actual results and developments to differ materially from those expressed or implied, please see the Company's periodic filings with the SEC, particularly those risks, uncertainties, and other factors disclosed under the heading "Risk Factors" in the Company's Annual Reports on Form 10-K and subsequent Quarterly Reports on Form 10-Q. Any "forward-looking statements" in this presentation are intended to qualify for the safe harbor from liability under the Private Securities Litigation Reform Act of 1995.

Non-GAAP Measures
Adjusted net income, adjusted diluted net income per share ("Adjusted DEPS"), EBITDA, adjusted EBITDA, adjusted operating income, and free cash flows are financial measures that are not in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"). For a reconciliation to the comparable GAAP numbers, please see "Appendix – GAAP to Non-GAAP Reconciliation." Manitowoc believes these non-GAAP financial measures provide important supplemental information to both management and investors regarding financial and business trends used in assessing its results of operations. Manitowoc believes excluding specified items provides a more meaningful comparison to the corresponding reporting periods and internal budgets and forecasts, assists investors in performing analysis that is consistent with financial models developed by investors and research analysts, provides management with a more relevant measure of operating performance, and is more useful in assessing management performance.

Third-quarter 2026 Summary

$614M
Net Sales
+11% Y/Y

$676M
Orders
+38% Y/Y

$47M
Adjusted EBITDA
+39% Y/Y

7.7%
Adjusted EBITDA Margin
+150 bps Y/Y

STRONG EXECUTION

The Manitowoc Way: Continuous Improvement

Hammer Elimination

Baltar, Portugal

AI-assisted Machining Programming

Charlieu, France

ELIMINATE WASTE AND IMPROVE SAFETY

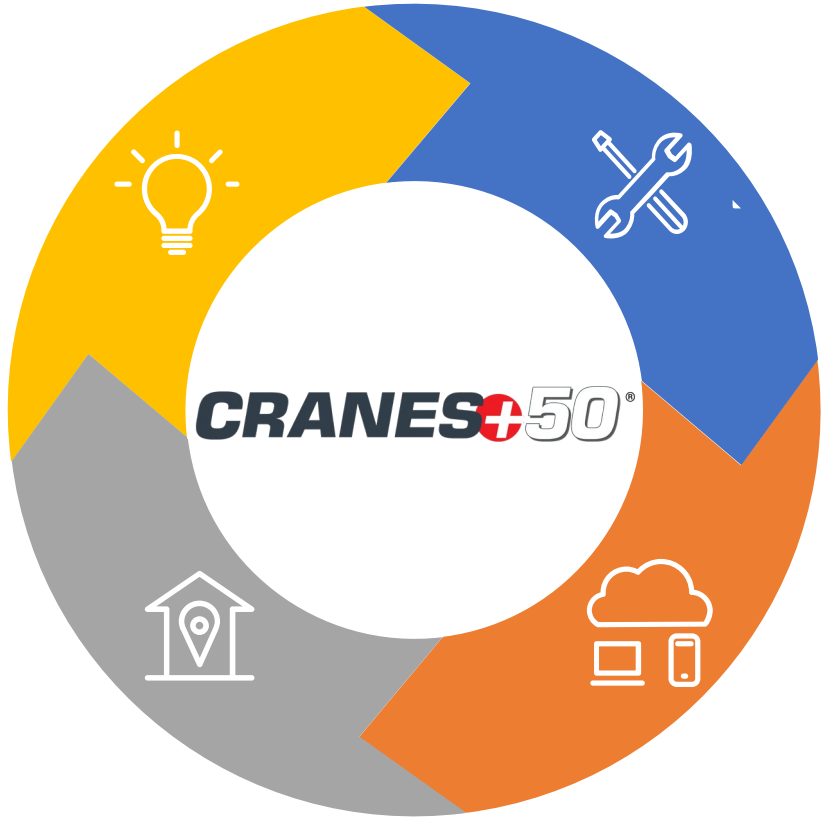

CRANES+50 Update

Increase Aftermarket Portfolio

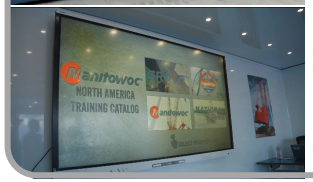

- Battery solutions and hoists that complement crane offerings
- 400 attendees at MGX open house

Increase Aftermarket Team

- Mobile training launched at ConExpo 2026
- 8 classes completed; 3 additional classes scheduled

Increase Aftermarket Footprint

- Melbourne, Brisbane, and Monterrey fully operational
- Customer events scheduled in Australia in December

Leverage Technology

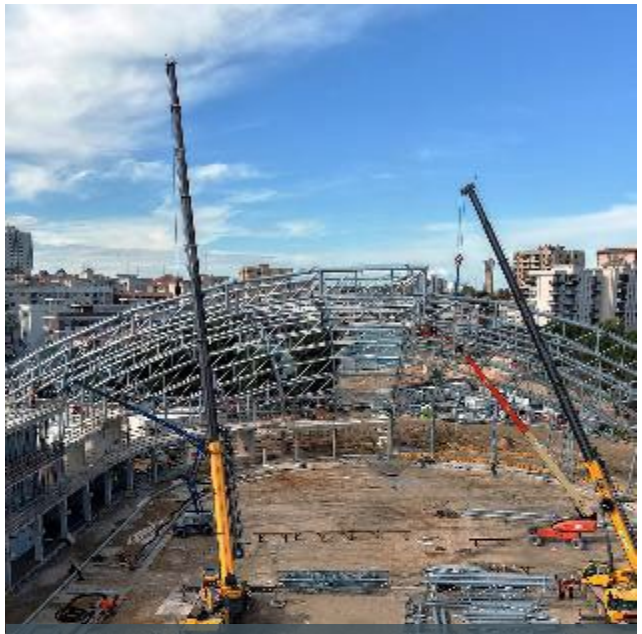

- Modernizing ERP system in mobile business
- Streamline processes to better serve our customers

Market Conditions

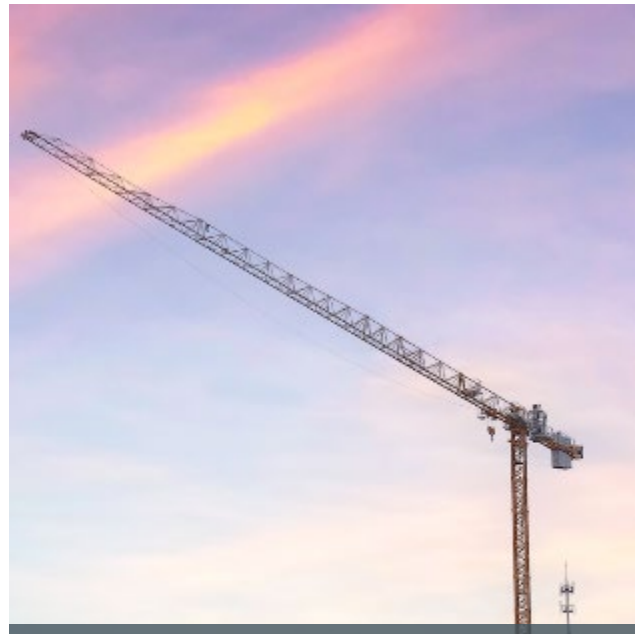

AMERICAS
- Strong market conditions driving orders
- High crane utilization
- Lean dealer inventory
- Certain products sold out for ‘27
