Forward-looking Statements

This presentation includes “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 and are including this statement for purposes of complying with those safe harbor provisions. You can identify forward-looking statements by the use of forward-looking terminology such as “aims," "anticipates," "approximately," "believes," "contemplates," "continues," "estimates," "expects," "forecasts," "hope," "intends," "may," "plans," "seeks," "should," "thinks," "will," "would" or the negative of these words and phrases or similar words or phrases. For the avoidance of doubt, any projection, guidance, or similar estimation about the future or future results, performance or achievements is a forward-looking statement.

Forward-looking statements are subject to substantial risks and uncertainties, many of which are difficult to predict and are generally beyond our control, and you should not rely on them as predictions of future events. Forward-looking statements depend on assumptions, data or methods which may be incorrect or imprecise, and we may not be able to realize them. We do not guarantee that the transactions and events described will happen as described (or that they will happen at all).

Many important factors could cause our actual results, performance, achievements, and future events to differ materially from those set forth, implied, anticipated, expected, projected, assumed or contemplated in our forward-looking statements, including, among other things: (i) economic, market, political and social impact of, and uncertainty relating to, any catastrophic events, including pandemics, epidemics or other outbreaks of disease, natural disasters and extreme weather events, terrorism and other armed hostilities, as well as cybersecurity threats and technology disruptions; (ii) increased costs due to tariffs or other economic factors; (iii) a failure of conditions or performance regarding any event or transaction described herein; (iv) resolution of legal proceedings involving the Company; (v) reduced demand for office, multifamily or retail space, including as a result of the changes in the use of office space and remote work; (vi) changes in our business strategy; (vii) a decline in Observatory visitors due to changes in domestic or international tourism, including due to health crises, geopolitical events, currency exchange rates, and/or competition from other observatories; (viii) defaults on, early terminations of, or non-renewal of, leases by tenants; (ix) increases in the Company's borrowing costs as a result of changes in interest rates and other factors; (x) declining real estate valuations and impairment charges; (xi) termination of our ground leases; (xii) limitations on our ability to pay down, refinance, restructure or extend our indebtedness or borrow additional funds; (xiii) decreased rental rates or increased vacancy rates; (xiv) difficulties in executing capital projects or development projects successfully or on the anticipated timeline or budget; (xv) difficulties in identifying and completing acquisitions; (xvi) impact of changes in governmental regulations, tax laws and rates and similar matters; (xvii) our failure to qualify as a REIT; (xviii) incurrence of taxable capital gain on disposition of an asset due to failure of compliance with a 1031 exchange program; (xix) our disclosure controls and internal control over financial reporting, including any material weakness; and (xx) failure to achieve sustainability metrics and goals, including as a result of tenant collaboration, and impact of governmental regulation on our sustainability efforts. For a further discussion of these and other factors that could impact the company's future results, performance, or transactions, see the section entitled “Risk Factors” of our annual report on Form 10-K for the year ended December 31, 2024 and any additional factors that may be contained in any filing we make with the U.S. Securities and Exchange Commission.

While forward-looking statements reflect the Company's good faith beliefs, they do not guarantee future performance. Any forward-looking statement contained in this presentation speaks only as of the date on which it was made, and we assume no obligation to update or revise publicly any forward-looking statement to reflect changes in underlying assumptions or factors, new information, data or methods, future events, or other changes after the date of this press release, except as required by applicable law. Prospective investors should not place undue reliance on any forward-looking statements, which are based only on information currently available to the Company (or to third parties making the forward-looking statements).

Funds From Operations

We compute Funds From Operations ("FFO") in accordance with the "White Paper" on FFO published by the National Association of Real Estate Investment Trusts, or NAREIT, which defines FFO as net income (loss) (determined in accordance with GAAP), excluding impairment write-off of investments in depreciable real estate and investments in in-substance real estate investments, gains or losses from debt restructurings and sales of depreciable operating properties, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs), less distributions to non-controlling interests and gains/losses from discontinued operations and after adjustments for unconsolidated partnerships and joint ventures. FFO is a widely recognized non-GAAP financial measure for REITs that we believe, when considered with financial statements determined in accordance with GAAP, is useful to investors in understanding financial performance and providing a relevant basis for comparison among REITs. In addition, we believe FFO is useful to investors as it captures features particular to real estate performance by recognizing that real estate has generally appreciated over time or maintains residual value to a much greater extent than do other depreciable assets. Investors should review FFO, along with GAAP net income, when trying to understand an equity REIT's operating performance. We present FFO because we consider it an important supplemental measure of our operating performance and believe that it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs. However, because FFO excludes depreciation and amortization and captures neither the changes in the value of our properties that result from use or market conditions nor the level of capital expenditures and leasing commissions necessary to maintain the operating performance of our properties, all of which have real economic effect and could materially impact our results of operations, the utility of FFO as a measure of performance is limited. There can be no assurance that FFO presented by us is comparable to similarly titled measures of other REITs. FFO does not represent cash generated from operating activities and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or to cash flow from operating activities determined in accordance with GAAP. FFO is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions. Although FFO is a measure used for comparability in assessing the performance of REITs, as the NAREIT White Paper only provides guidelines for computing FFO, the computation of FFO may vary from one company to another.

Modified Funds From Operations

Modified Funds From Operations ("Modified FFO") adds back an adjustment for any below-market ground lease amortization to traditionally defined FFO. We believe this a useful supplemental measure in evaluating our operating performance due to the non-cash accounting treatment under GAAP, which stems from the third quarter 2014 acquisition of two option properties following our formation transactions as they carry significantly below market ground leases, the amortization of which is material to our overall results. We present Modified FFO because we believe it is an important supplemental measure of our operating performance in that it adds back the non-cash amortization of below-market ground leases. There can be no assurance that Modified FFO presented by us is comparable to similarly titled measures of other REITs. Modified FFO does not represent cash generated from operating activities and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or to cash flow from operating activities determined in accordance with GAAP. Modified FFO is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions.

Core Funds From Operations

Core Funds From Operations ("Core FFO") adds back to Modified FFO the following items: loss on early extinguishment of debt, acquisition expenses, severance expenses, IPO litigation expense and interest expense associated with property in receivership. The Company believes Core FFO is an important supplemental measure of its operating performance because it excludes non-recurring items. There can be no assurance that Core FFO presented by the Company is comparable to similarly titled measures of other REITs. Core FFO does not represent cash generated from operating activities and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or to cash flow from operating activities determined in accordance with GAAP. Core FFO is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions. In future periods, we may also exclude other items from Core FFO that we believe may help investors compare our results.

Core Funds Available for Distribution

In addition to Core FFO, we present Core Funds Available for Distribution ("Core FAD") by (i) adding to Core FFO non-real estate depreciation and amortization, the amortization of deferred financing costs, amortization of debt discounts and non-cash compensation expenses, amortization of loss on interest rate derivative and (ii) deducting straight-line rent, amortization of debt premiums and above/below market rent revenue, and recurring capital improvements such as second generation leasing commissions, tenant improvements, prebuilts, capital expenditures and furniture, fixtures & equipment. Core FAD is presented solely as a supplemental disclosure that we believe provides useful information regarding our ability to fund our dividends. Core FAD does not represent cash generated from operating activities and should not be considered as an alternative to net income (loss) determined in accordance with GAAP or to cash flow from operating activities determined in accordance with GAAP. Core FAD is not indicative of cash available to fund ongoing cash needs, including the ability to make cash distributions. There can be no assurance that Core FAD presented by us is comparable to similarly titled measures of other REITs.

Net Operating Income and Property Cash NOI

Net Operating Income ("NOI") is a non-GAAP financial measure of performance. NOI is used by our management to evaluate and compare the performance of our properties and to determine trends in earnings and to compute the fair value of our properties as it is not affected by: (i) the cost of funds of the property owner, (ii) the impact of depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets that are included in net income computed in accordance with GAAP, (iii) acquisition expenses, loss on early extinguishment of debt, impairment charges and loss from derivative financial instruments, or (iv) general and administrative expenses and other gains and losses that are specific to the property owner. The cost of funds is eliminated from NOI because it is specific to the particular financing capabilities and constraints of the owner. The cost of funds is eliminated because it is dependent on historical interest rates and other costs of capital as well as past decisions made by us regarding the appropriate mix of capital which may have changed or may change in the future. Depreciation and amortization expenses as well as gains or losses from the sale of operating real estate assets are eliminated because they may not accurately represent the actual change in value in our office or retail properties that result from use of the properties or changes in market conditions. While certain aspects of real property do decline in value over time in a manner that is reasonably captured by depreciation and amortization, the value of the properties as a whole have historically increased or decreased as a result of changes in overall economic conditions instead of from actual use of the property or the passage of time. Gains and losses from the sale of real property vary from property to property and are affected by market conditions at the time of sale which will usually change from period to period. These gains and losses can create distortions when comparing one period to another or when comparing our operating results to the operating results of other real estate companies that have not made similarly-timed purchases or sales. We believe that eliminating these costs from net income is useful to investors because the resulting measure captures the actual revenue generated and actual expenses incurred in operating our properties as well as trends in occupancy rates, rental rates and operating costs. In some cases, the Company also presents (1) Property Cash NOI, which excludes Observatory NOI and the effects of straight-line rent, fair value lease revenue, and straight-line ground rent expense adjustment, and (2) Property Cash NOI excluding lease termination fees. Property Cash NOI is presented solely as a supplemental disclosure that management believes allows investors to compare NOI performance across periods without taking into account the effect of certain non-cash rental revenues and straight-line ground rent expense adjustment. Similar to depreciation and amortization expense, fair value lease revenues, because of historical cost accounting, may distort operating performance measures at the property level. Additionally, presenting NOI excluding the impact of straight-line rent and straight-line ground rent expense adjustment provides investors with an alternative view of operating performance at the property level that more closely reflects net cash generated in the portfolio. Presenting Property Cash NOI excluding lease termination fees provides investors with additional information that allows them to compare operating performance between periods without taking into account termination fees, which can distort the results for any given period because they generally represent multiple months or years of a tenant's rental obligations that are paid in a lump sum in connection with a negotiated early termination of the tenant's lease and are not reflective of the core ongoing operating performance of the Company's portfolio. However, the usefulness of NOI, Property Cash NOI, and Property Cash NOI excluding lease termination fees is limited because it excludes general and administrative costs, interest expense, depreciation and amortization expense and gains or losses from the sale of properties, and other gains and losses as stipulated by GAAP, the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, all of which are significant economic costs. NOI and Property Cash NOI may fail to capture significant trends in these components of net income which further limits its usefulness. NOI and Property Cash NOI are measurements of the operating performance of our properties but do not measure our performance as a whole. These metrics therefore are not substitutes for net income as computed in accordance with GAAP. These measures should be analyzed in conjunction with net income computed in accordance with GAAP. Other companies may use different methods for calculating NOI, Property Cash NOI or similarly titled measures and, accordingly, our measures may not be comparable to similarly titled measures reported by other companies that do not define the measure exactly as we do.

Same Store

In the Company's analysis of NOI, particularly to make comparisons of NOI between periods meaningful, it is important to provide information for properties that were owned by the Company throughout each period presented. The Company refers to properties acquired prior to the beginning of the earliest period presented and owned by the Company through the end

of the latest period presented as “Same Store”. Same Store therefore excludes properties acquired after the beginning of the earliest period presented or disposed of prior to the end of the latest period presented. Accordingly, it takes at least one year and one quarter after a property is acquired for that property to be included in Same Store. The Company's definition of Same Store also excludes properties held-for-sale or those which we otherwise expect to dispose of in the subsequent quarter, properties placed in receivership, and our multifamily properties. For mixed-use properties, all same store property NOI is represented in the property category that comprises the majority of that mixed-use property's NOI. As of September 30, 2025, Same Store excludes the North Sixth Street Collection, which comprised four acquisitions that occurred between September 2023 and June 2025, and First Stamford Place, Stamford, CT which was placed into receivership in May 2024 and title subsequently transferred to the lender in February 2025.

EBITDA and Adjusted EBITDA

We compute EBITDA as net income plus interest expense, interest expense associated with property in receivership, income taxes and depreciation and amortization. We present EBITDA because we believe that EBITDA, along with cash flow from operating activities, investing activities and financing activities, provides investors with an additional indicator of its ability to incur and service debt. EBITDA should not be considered as an alternative to net income (determined in accordance with GAAP), as an indication of its financial performance, as an alternative to net cash flows from operating activities (determined in accordance with GAAP), or as a measure of its liquidity. For Adjusted EBITDA, we add back impairment charges and (gain) loss on disposition of property.

Net Debt to Adjusted EBITDA

We compute Net Debt to Adjusted EBITDA as the Company’s pro-rata share of gross debt less cash and cash equivalents divided by the Company’s pro-rata share of trailing twelve months Adjusted EBITDA. The Company believes that the presentation of Net Debt to Adjusted EBITDA provides useful information to investors because the Company reviews Net Debt to Adjusted EBITDA as part of the management of its overall financial flexibility, capital structure and leverage based on its percentage ownership interest in all of its assets.

COMPANY PROFILE

Empire State Realty Trust, Inc. (NYSE: ESRT) is a NYC-focused REIT that owns and operates a portfolio of well-leased, top of tier, modernized, amenitized, and well-located office, retail, and multifamily assets. ESRT's flagship Empire State Building, the "World's Most Famous Building," features its iconic Observatory, ranked the #1 Top Attraction in New York City for the fourth consecutive year in Tripadvisor's 2025 Travelers' Choice Awards: Best of the Best Things to Do. The Company is a recognized leader in energy efficiency and indoor environmental quality.

BROAD OF DIRECTORS

Anthony E. Malkin	Chairman and Chief Executive Officer

Notes:

(1) Rentable square footage, occupied percentage, and leased percentage are updated to exclude approximately 15,000 square feet of space related to the June 30, 2025 acquisition of 86-90 North 6th Street, which is under redevelopment.
(2) Based on leases signed and commenced as of end of period. Added in the quarter ended December 31, 2024, for all comparative periods percent occupied excludes storage and broadcasting space.
(3) Represents occupancy and includes signed leases not commenced. Added in the quarter ended December 31, 2024, for all comparative periods percent leased excludes storage and broadcasting space.
(4) Reflects the number of visitors who pass through the turnstile, excluding visitors who make a second visit on the same ticket at no additional charge.
(5) Market capitalization represents the sum of (i) Company's common stock per share price as of September 30, 2025 multiplied by the total outstanding number of shares of common stock and operating partnership units as of September 30, 2025, (ii) the number of Series 2014 perpetual preferred units at September 30, 2025 multiplied by $16.62, (iii) the number of Series 2019 perpetual preferred units at September 30, 2025 multiplied by $13.52, and (iv) our outstanding indebtedness as of September 30, 2025.
(6) Calculated based on trailing 12 months Adjusted EBITDA. For the periods ended March 31, 2025, December 31, 2024, and September 30, 2024 excludes trailing 12 months Adjusted EBITDA of $2 million, $5 million, and $9 million, respectively, relating to First Stamford Place, Stamford CT, which was placed into receivership at the end of May 2024 and title subsequently transferred to the lender in February 2025.
(7) Represents the amount of Core FFO paid out in distributions.
(8) Based on the closing price per share of Class A common stock on September 30, 2025.
(9) We have two classes of common stock as a means to give our OP Unit holders voting rights in the public company that correspond to their economic interest in the combined entity. A one-time option was created at our formation transactions for any pre-IPO OP Unit holder to exchange one OP Unit out of every 50 OP Units they owned for one Class B share, and such Class B share carries 50 votes to the extent such holder continues to hold 49 OP units for every Class B share.
(10) Represents fully diluted common stock and operating partnership units as it includes unvested restricted stock and unvested LTIP units.

Total number of units	743	743	732	732	732

Notes:

(1) Early Renewals include leases which were signed over two years prior to the lease expiration.
(2) Presents all tenant improvement and leasing commission costs as if they were incurred in the period in which the lease was signed, which may be different than the period in which they are paid.
(3) All occupancy rates exclude broadcasting and storage space.
(4) Excludes approximately 15,000 square feet of space related to the June 30, 2025 acquisition of 86-90 North 6th Street, which is under redevelopment.

Notes:

(1) Excludes (i) 201,165 square feet of space across the Company's portfolio attributable to building management use and tenant amenities, (ii) 85,334 square feet of space attributable to the Company's Observatory, and (iii) square footage related to the Company's residential units.
(2) Based on leases signed and commenced as of September 30, 2025.
(3) Percent occupied and percent leased exclude 110,918 rentable square feet of broadcasting and storage space.
(4) Includes occupied space plus leases signed but not commenced as of September 30, 2025.
(5) Represents annualized base rent and current reimbursement for operating expenses and real estate taxes.
(6) Represents annualized rent under leases commenced as of September 30, 2025 divided by occupied square feet.
(7) Represents the number of leases at each property or on a portfolio basis. If a tenant has more than one lease, whether or not at the same property, but with different expirations, the number of leases is calculated equal to the number of leases with different expirations.
(8) Denotes a ground leasehold interest in the property with a remaining term, including unilateral extension rights available to the Company, of approximately 38 years (expiring December 31, 2063).
(9) Denotes a ground leasehold interest in the property with a remaining term, including unilateral extension rights available to the Company, of approximately 52 years (expiring June 10, 2077).
(10) Denotes a ground leasehold interest in the property with a remaining term, including unilateral extension rights available to the Company, of approximately 25 years (expiring July 31, 2050).
(11) Excludes approximately 15,000 square feet of space related to the June 30, 2025 acquisition of 86-90 North 6th Street, which is under redevelopment.

Notes:

(1) These forecasts, which are subject to change, are based on management's current expectations, including, among other things, discussions with and other information provided by tenants as well as management's analyses of past historical trends.
(2) Any lease on month to month or short-term will re-appear in "Actual" in each period until tenant has vacated or renewed, and thus it would be double counted if periods were cumulated. "Forecast" avoids double counting.
(3) For forecasted periods, “Renewals & relocations” includes the following: tenants renew their existing leases in all or a portion of their current spaces; tenants which signed renewal leases for a term of less than six months and reappear in forecast periods in 2025 and 2026; and tenants who move within a building or within the Company's portfolio.
(4) For forecasted periods, “New Leases” represents leases that have been signed with a new tenant, a subtenant who signed a direct lease or a tenant who expanded. There may be downtime between the lease expiration and the new lease commencement.
(5) For forecasted periods, “Vacates” assumes a tenant elects not to renew at the end of their existing lease or exercises an early termination option; leases that the Company decides not to renew at the end of tenants' existing lease due to anticipated future redevelopment or for other reasons. This also may include early lease terminations.
(6) For forecasted periods, "Unknown" represents tenants whose intentions are unknown.

Notes:

(1) If a tenant has more than one lease, whether or not at the same property, but with different expirations, the number of leases is calculated equal to the number of leases with different expirations.

(2) Excludes (i) 201,165 square feet of space across the Company's portfolio attributable to building management use and tenant amenities, (ii) 85,334 square feet of space attributable to the Company's Observatory, (iii) square footage related to the Company's residential units, and (iv) approximately 15,000 square feet of space related to the June 30, 2025 acquisition of 86-90 North 6th Street, which is under redevelopment.

(3) Represents annualized base rent and current reimbursement for operating expenses and real estate taxes.

(4) Represents leases that are included in occupancy as of September 30, 2025 and expire on September 30, 2025.

(5) Excludes (i) retail space in the Manhattan office and (ii) the Empire State Building broadcasting licenses and Observatory operations.

(6) Includes a telecom lease with no square footage.

Notes:

(1) Expiration dates are per lease and do not assume exercise of renewal or extension options. For tenants with more than two leases, the lease expiration is shown as a range.
(2) Represents the weighted average lease term based on annualized rent.
(3) Based on leases signed and commenced as of September 30, 2025.
(4) Represents the percentage of rentable square feet of the Company's office and retail portfolios in the aggregate.
(5) Represents annualized base rent and current reimbursement for operating expenses and real estate taxes.
(6) Represents the percentage of annualized rent of the Company's office and retail portfolios in the aggregate.
(7) Includes 40,781 square feet of expiries by December 31, 2027, none of which has been re-leased as of September 30, 2025.
(8) Includes 50,560 square feet of expiries by December 31, 2027, none of which has been re-leased as of September 30, 2025.
(9) Includes 12,826 square feet of expiries by December 31, 2027, which is temporary space that will be replaced with a 39,610 square feet full floor expansion that is anticipated to commence on June 1, 2028.
(10) Includes 45,598 square feet of expiries at 1359 Broadway by December 31, 2027, of which 24,212 square feet has been pre-leased to a different tenant and is anticipated to commence on November 1, 2027.
(11) Tenant's 119,226 square feet has been pre-leased with an estimated move-in date of November 1, 2026.

Total	$ 40,312	$ 61,572	$ 55,787	$ 83,557	$ 31,831

Notes:
(1) Reflects initial annual cash rent less annual cash rent from existing tenant in the space.
(2) The period ended December 31, 2024 includes a tenant improvement allowance of approximately $23.5 million related to certain leases signed in 2018 and 2021.

Observatory Summary

(unaudited and dollars in thousands)

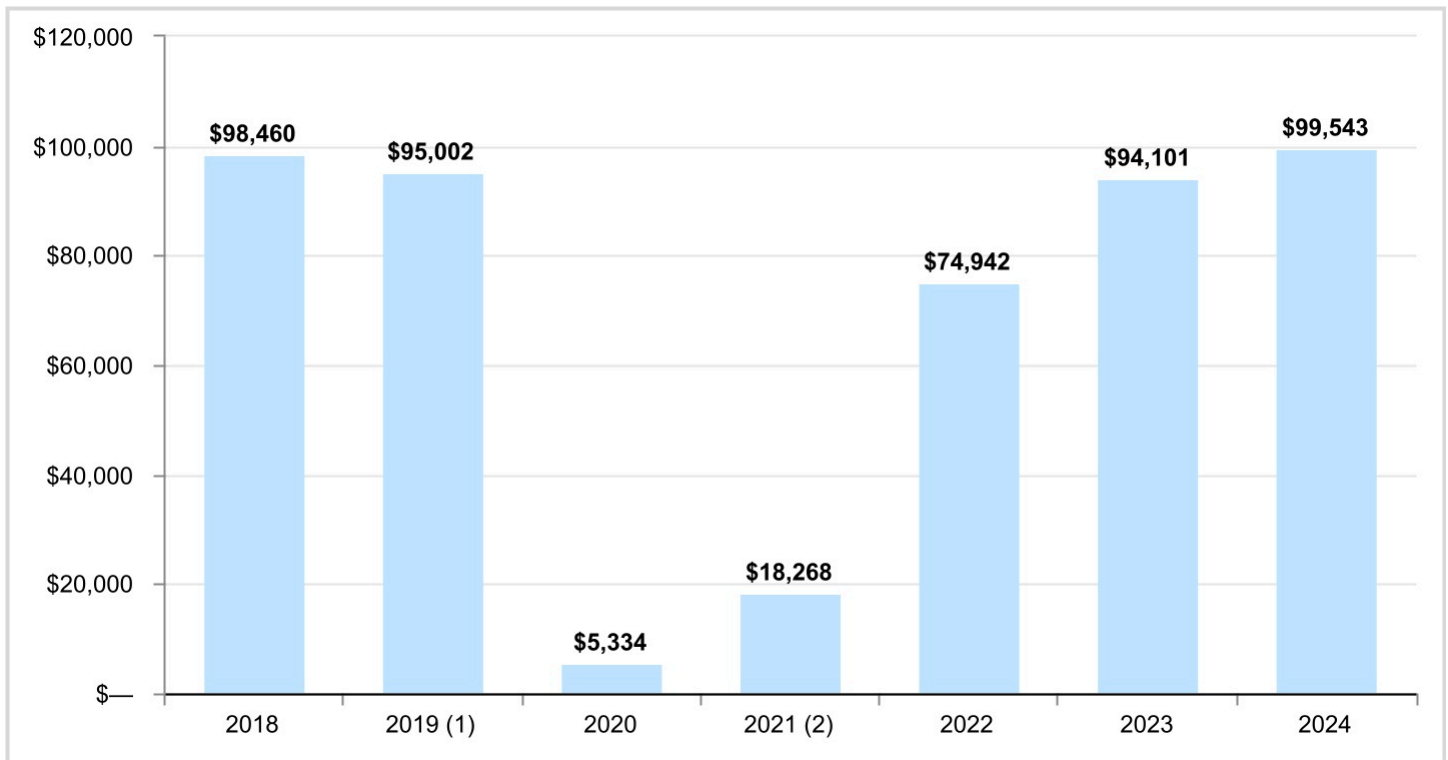

Observatory NOI	Twelve Months to Date	Three Months Ended September 30, 2025	June 30, 2025	March 31, 2025	December 31, 2024	September 30, 2024
Observatory revenue [1]	$ 131,372	$ 36,037	$ 33,899	$ 23,161	$ 38,275	$ 39,382
Observatory expenses	37,180	9,510	9,822	8,118	9,730	9,715
NOI	**94,192**	**26,527**	**24,077**	**15,043**	**28,545**	**29,667**
Intercompany rent expense [2]	78,980	20,185	20,666	15,160	22,969	23,461
NOI after intercompany rent	$ 15,212	$ 6,342	$ 3,411	$ (117)	$ 5,576	$ 6,206

Observatory Metrics					
Number of visitors [3]	648,000	629,000	428,000	718,000	727,000
Change in visitors year over year	(10.9)%	(2.9)%	(11.8)%	1.0 %	(2.2)%
Number of bad weather days ("BWD") [4]	6	21	13	8	8

Notes:

(1) Observatory revenues include the fixed license fee received from WDFG North America, the Observatory gift shop operator. For the three months ended September 30, 2025, June 30, 2025, March 31, 2025, December 31, 2024, and September 30, 2024, the fixed license fee was $1,904, $1,904, $1,904, $1,855 and $1,855, respectively.
(2) The Observatory pays a market-based rent payment comprised of fixed and percentage rent to the Empire State Building. Intercompany rent is eliminated upon consolidation.
(3) Reflects the number of visitors who pass through the turnstile, excluding visitors who make a second visit on the same ticket at no additional charge.
(4) The Company defines a bad weather day as one in which the top of the Empire State Building is obscured from view for more than 50% of the day.

Annual Observatory NOI 2018 to 2024

Notes:

(1) The 102nd floor Observatory was closed for approximately nine months in 2019 for renovations.
(2) Due to the COVID-19 pandemic, the Observatory was closed on March 16, 2020. The 86th floor Observatory reopened on July 20, 2020 and the 102nd floor Observatory reopened on August 24, 2020.

Debt Summary

(unaudited and dollars in thousands)

Debt Summary	September 30, 2025 Balance	Weighted Average Interest Rate [1]	Weighted Average Maturity (Years)

Notes:

(1) These reflect the weighted average interest rates comprised of either the fixed coupon of the debt or the rate which are fixed under variable to fixed interest rate swap agreements.
(2) In October, the Company entered into a note purchase agreement to issue $175 million of senior unsecured notes in a private placement transaction at a fixed rate of 5.47% that matures in 2031. The private placement is scheduled to fund on December 18, 2025.
(3) SOFR is fixed at 2.56% for $175 million through maturity and 3.31% for $95 million through maturity.
(4) As of September 30, 2025, each of our unsecured term loan facilities are fixed under variable to fixed interest rate swap agreements.
(5) This unsecured revolving credit facility matures in March 2029, inclusive of two additional six-month extension options.
(6) Represents the ratio of total indebtedness to total asset value as determined in accordance with the credit facility agreement.
(7) Represents the ratio of secured indebtedness to total asset value as determined in accordance with the credit facility agreement.
(8) Represents the ratio of unsecured indebtedness to unencumbered asset value as determined in accordance with the credit facility agreement.
