Fourth Quarter Fiscal 2025 Highlights and Year-Over-Year Comparisons

- Opened a record 86 stores for the fiscal year and ended the period with 645 stores in 34 states, an increase of 15.4%.
- Ollie’s Army loyalty members increased 12.1% to 17.0 million members.
- Net sales increased 16.8% to \$779.3 million, driven by new store unit growth and an increase in comparable store sales.
- Comparable store sales increased 3.6%, driven by an increase in basket and transactions. Seasonal, consumables, hardware, stationery, and sporting goods were the top performing categories in the quarter.
- Gross margin of 39.9% was ahead of plan and the year-over-year decrease of 80 basis points was primarily from planned investments in price.
- Selling, general, and administrative (“SG&A”) expenses as a percentage of net sales decreased 130 basis points to 24.2%. Excluding a one-time expense of \$5.5 million for the accelerated expense resulting from the modification of existing equity awards for our Executive Chairman in last year’s fourth quarter, SG&A expenses as a percentage of net sales decreased 40 basis points to 24.2%. The decrease was primarily driven by leverage of our fixed costs from the increase in comparable store sales and benefits from our optimization efforts in marketing.
- Pre-opening expenses decreased 53.3% to \$2.3 million, driven by the earlier timing of new store openings this year versus last year.
- Adjusted net income increased 16.4% to \$85.4 million and adjusted net income per diluted share increased 16.8% to \$1.39.
- Total cash and investments increased 31.3%, or \$134.1 million, to \$562.8 million. This included cash and cash equivalents of \$259.7 million, short-term investments of \$36.6 million, and long-term investments of \$266.5 million.
- The Company repurchased \$33.6 million of common stock in the fourth quarter and \$73.8 million of common stock for the fiscal year.
