# DISCLAIMER

Except for historical information, this presentation may include forward-looking statements (within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934) including, without limitation, statements reflecting our current expectations about the future performance of our company or our business segments or about future market conditions. These statements are subject to certain risk factors that could cause actual results to differ materially. Various risk factors that could affect future results are listed in the company's filings with the Securities and Exchange Commission, including the most recently filed Annual Report on Form 10-K. Forward looking statements reflect the Company's expectations, plans or forecasts of future events and views as of the date of this report. While the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. You should review the various risks, uncertainties and other factors listed from time to time in our Securities and Exchange Commission filings.

Management has included certain non-generally accepted accounting principles (non-GAAP) financial measures in presenting the company's results. Management believes that these non-GAAP measures further explain the company's results of operations and allow for a more complete understanding of the underlying trends in the company's business. These measures should not be viewed as a substitute for those determined in accordance with generally accepted accounting principles (GAAP). In addition, our definitions of these items may not be comparable to the definitions used by other companies.

Operating earnings and operating earnings per share (EPS) consist of our GAAP net earnings adjusted by net realized gains/(losses), net unrealized gains/(losses) on equity securities and taxes related thereto. Beginning in the fourth quarter of 2025, equity in earnings of unconsolidated investees and the related taxes were excluded from operating earnings and operating EPS. The change was made to present a consistent approach in excluding all unrealized changes in equity investments. We view these minority investments as outside of RLI's operating control. Operating earnings and operating EPS for prior periods have been recast to conform to the current definition. Net earnings and net earnings per share are the GAAP financial measures that are most directly comparable to operating earnings and operating EPS. Please refer to the appendix of this presentation for a reconciliation of operating earnings and operating EPS to the comparable GAAP financial measures.

Underwriting income or profit represents the pretax profitability of our insurance operations and is derived by subtracting loss and settlement expenses, policy acquisition costs and insurance operating expenses from net premium earned, which are all GAAP financial measures. The combined ratio, which is derived from components of underwriting income, is a performance measure commonly used by property and casualty insurance companies and is calculated as the sum of loss and settlement expenses, policy acquisition costs and insurance operating expenses, divided by net premiums earned, which are all GAAP measures.

# OUR PURPOSE, VISION, MISSION & STRATEGY

Our purpose, vision, mission and strategy serve as the foundation of our balanced growth plan.

## Purpose

Protect people and organizations from life's uncertainties to help them explore, create, build and thrive.

## Vision

Be the recognized performance leader of the U.S. specialty insurance industry.

## Mission

Provide industry-leading specialty risk management solutions that are convenient, tailored and fill unmet customer needs.

## Strategy

Create sustainable value and differentiate RLI in the marketplace through industry-leading products, unmatched expertise and exceptional customer service.

# RLI OVERVIEW

RLI is a domestic, specialty insurance company that handles its own underwriting and claims.

## Underwriting Company

- Hire talented, entrepreneurial underwriters with narrow & deep knowledge
- Focus on difficult markets that require unique expertise
- Encourage a strong feedback loop between underwriting and claims
- Underwriting discipline and results are paramount

## Growth through Discipline

- Emphasize profitable, organic product growth
- Explore talent acquisition & start-ups
- Selectively consider balance sheet acquisitions that preserve RLI's unique culture

## Ownership Culture & Compensation

- Underwriting leadership compensation is tied to product specific underwriting profit
- 139 ESOP accounts exceeded \$500,000 as of 12/31/25, highlighting the breadth of our shared rewards and shareholder alignment

## Diversified Insurance Product Portfolio

- Products are run like stand-alone, largely-autonomous, businesses
- Maintain a highly diverse product portfolio to reduce corporate risk
- Many products are tailored to fill a void in the market

## Capital Management

- Retain enough capital to meet policyholder needs
- Lean into profitable underwriting opportunities when they arise
- Return excess capital to shareholders
- Maintain our ability to raise traditional third-party capital as needed

- 93% Institutions & other public investors
- 7% Insiders & Employee Stock Ownership Plan ("ESOP")

# OUR STRATEGY

## How We Create Value

By sharing our expertise and offering exceptional service to our customers, our highly engaged employees create lasting relationships and can see the impact they make on our business.

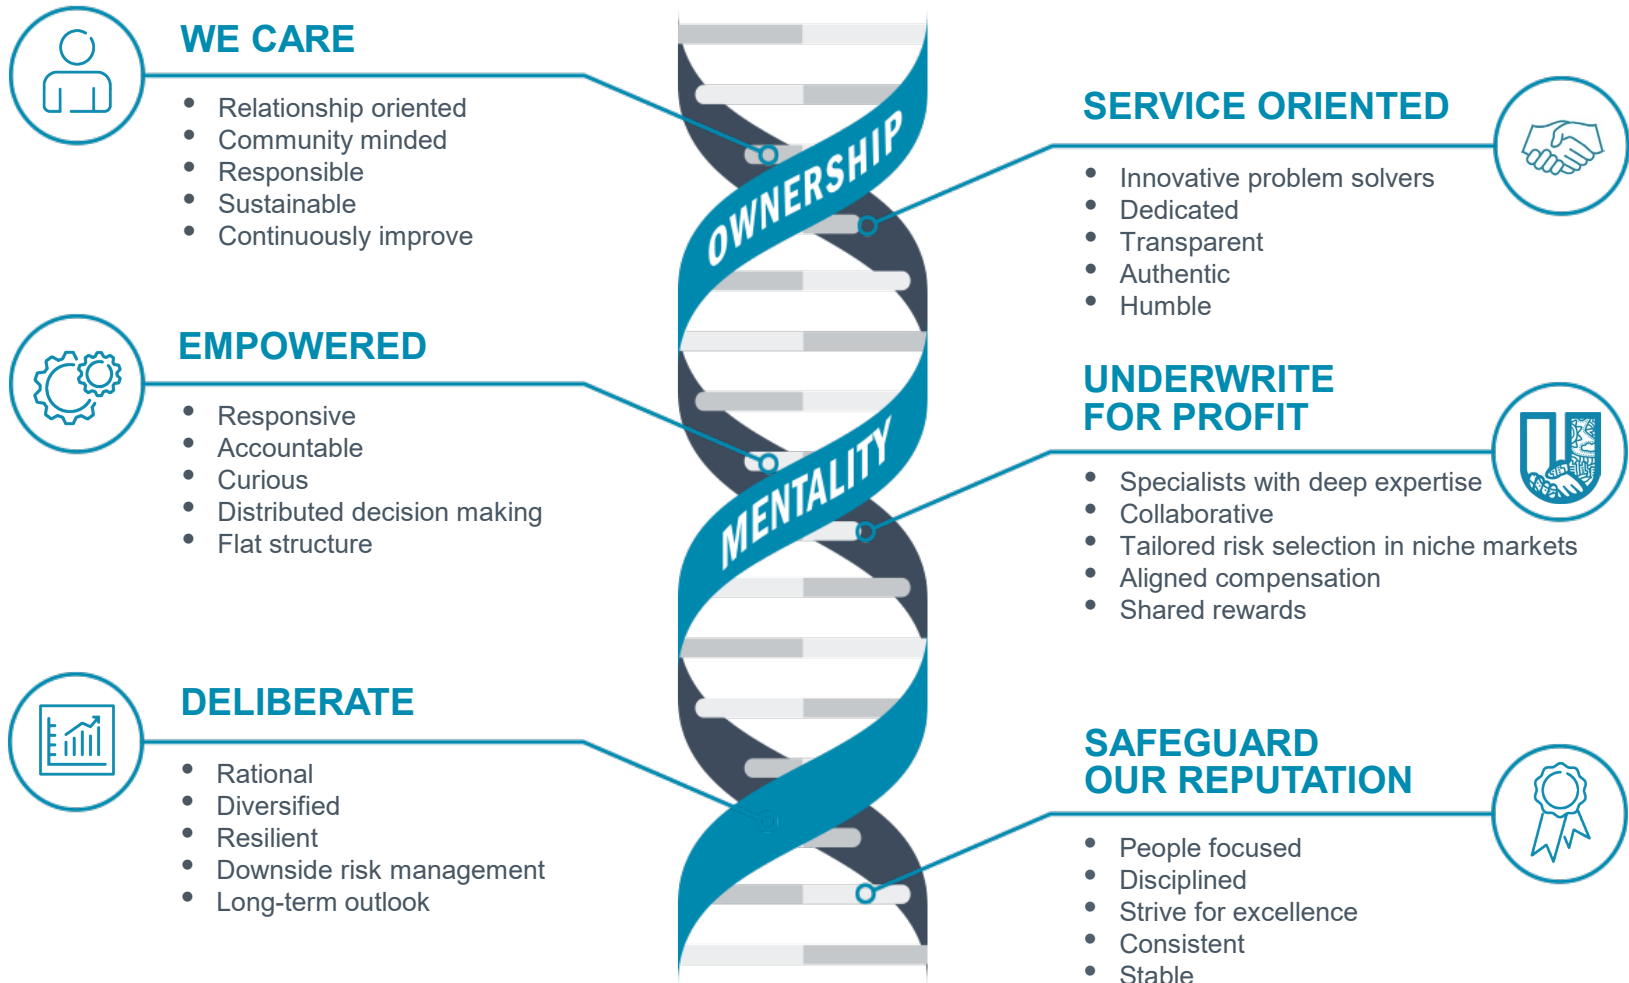

We incorporate our customers' feedback to ensure our products meet their needs and that we remain a stable, trusted partner that is easy to work with and fulfills our promise to pay claims owed.

Our shareholders benefit from our diversified, resilient business model, which produces consistent financial performance.

# COMPETITIVE ADVANTAGES

RLI will capitalize on our competitive advantages to drive profitable growth.

# FINANCIAL STRENGTH AND STABILITY

Our financial track record has been stellar for decades — a testament to our ownership culture and reputation as an excellent underwriting company.

# OPERATING RETURN ON EQUITY<sup>1</sup>

Over the previous 10 calendar years, RLI has averaged a 13.3% operating return on equity.

(1) Operating return on equity (operating ROE) is operating earnings divided by average shareholders' equity. Operating earnings is a non-GAAP financial measure and consists of our GAAP net earnings adjusted by net realized gains/(losses), net unrealized gains/(losses) on equity securities that are recognized through net earnings in 2018 and forward and taxes related thereto. Beginning in the fourth quarter of 2025, equity in earnings of unconsolidated investees and the related taxes were excluded from operating earnings. The change was made to present a consistent approach in excluding all unrealized changes in equity investments. Prior periods have been recast to conform to the current definition. Net earnings is the most directly comparable GAAP financial measure to operating earnings. See the appendix to this presentation ("Non-GAAP Reconciliation") or our quarterly earnings releases for a reconciliation of net earnings to operating earnings.

# DIVIDEND GROWTH<sup>1</sup>

RLI has a distinguished track record of sharing our success: 50 straight years of dividend increases<sup>2</sup>, a 5% annualized growth rate over the last 10 calendar years, and 16 years of special dividends.

<sup>(1)</sup> All share information adjusted for January 2025 2-for-1 stock split.

<sup>(2)</sup> As of February 2025.

# TOTAL SHAREHOLDER RETURN<sup>1</sup>

Shareholder returns validate the RLI story.

19 <sup>(1)</sup> Assumes \$100 invested on December 31, 2006 in RLI and S&P 500, with reinvestment of dividends.

# VALUE CREATION OPPORTUNITIES

RLI is pursuing multiple initiatives designed to create value.

## Cycle Management

Maximize margins throughout the cycle, organic growth enriched by market conditions

## Platform Enhancements

Invest in technology to leverage distribution and increase efficiency

## Talent Acquisition

Growth supported by hiring the best underwriters & claim professionals into the RLI model

## Disciplined pursuit of opportunities in adjacent products

Capitalize on opportunities in niche spaces through organic means and via acquisitions, when they make sense
