

SONIC AUTOMOTIVE

Investor Presentation | Third Quarter 2026

Updated October 29, 2026

Forward-Looking Statements

This presentation contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to future events, are not historical facts and are based on our current expectations and assumptions regarding our business, the economy and other future conditions. These statements can generally be identified by lead-in words such as “may,” “will,” “should,” “could,” “believe,” “expect,” “estimate,” “anticipate,” “intend,” “plan,” “project,” “foresee” and other similar words or phrases. Statements that describe our Company’s objectives, plans or goals are also forward-looking statements. Examples of such forward-looking information we may be discussing in this presentation include, without limitation, the potential impact of tariffs on new vehicle pricing, inventory levels, and consumer demand, our anticipated future new vehicle unit sales volume, revenues and profitability (including per unit data), our anticipated future used vehicle unit sales volume, revenues and profitability (including per unit data), future levels of consumer demand for new and used vehicles, our anticipated future parts, service and collision repair (“Fixed Operations”) gross profit, our anticipated future finance and insurance (“F&I”) gross profit, our anticipated expense reductions, targeted increases to our technician headcount, hybrid and electric vehicle trends and related GPU headwinds, long-term annual revenue and profitability targets, anticipated future growth capital expenditures, profitability and pricing expectations in our EchoPark Segment, EchoPark’s omnichannel strategy, anticipated future EchoPark population coverage, anticipated future EchoPark revenue and unit sales volume, anticipated future performance and growth of our Franchised Dealerships Segment, anticipated growth and profitability of our Powersports Segment, anticipated liquidity positions, anticipated industry new vehicle sales volume, anticipated industry used vehicle supply, the implementation of growth and operating strategies, including acquisitions of dealerships and properties, anticipated future acquisition synergies, the return of capital to stockholders, anticipated future success and impacts from the implementation of our strategic initiatives, and earnings per share expectations.

You are cautioned that these forward-looking statements are not guarantees of future performance, involve risks and uncertainties and actual results may differ materially from those projected in the forward-looking statements as a result of various factors. These risks and uncertainties include, without limitation, risks associated with tariffs, import product restrictions and foreign trade risks, economic conditions in the markets in which we operate, supply chain disruptions and manufacturing delays, labor shortages, the impacts of inflation and fluctuations in interest rates, new and used vehicle industry sales volume, the success of our operational strategies, the rate and timing of overall economic expansion or contraction, and the other risk factors described in the Company’s Annual Report on Form 10-K for the year ended December 31, 2025 and other reports and information filed with the United States Securities and Exchange Commission (the “SEC”).

These forward-looking statements, risks, uncertainties and additional factors speak only as of the date of this presentation. We undertake no obligation to update any such statements, except as required under federal securities laws and the rules and regulations of the SEC.

Sonic Automotive Company Overview

NYSE: SAH – A Fortune 300 Diversified Automotive Retailer

- Our Franchised Dealerships Segment is a full-service automotive retail business with a diversified brand portfolio and multiple strategic growth levers
 - 108 locations - \$12.9 billion in FY 2025 revenues
- Our EchoPark Segment provides high growth potential in a highly fragmented pre-owned vehicle market
 - 18 locations - \$2.1 billion in FY 2025 revenues
- Our Powersports Segment represents an early-stage consolidation growth opportunity at attractive multiples
 - 20 locations** - \$203 million in FY 2025 revenues
- We believe our diversified business model provides balanced growth opportunities across our Franchised Dealerships, EchoPark and Powersports Segments that differentiates Sonic from other companies in the automotive retail space

Total Revenues and Earnings Per Share

OUR PURPOSE

TO DELIVER AN EXPERIENCE
FOR OUR GUESTS AND OUR TEAMMATES
THAT FULFILLS DREAMS, ENRICHES LIVES
AND DELIVERS HAPPINESS.

Note: Location counts as of September 30, 2026. * Refer to appendix for calculation and reconciliation of Adjusted EPS (a non-GAAP measure).

** Includes Five Harley-Davidson Dealerships And One Authorized Retail Outlet Acquired In April 2026, Estimated To Generate \$100 Million In Annualized Revenues. Actual results may differ. See "Forward-Looking Statements."

Diversified Portfolio And Business Lines

			Ford	4%
			Chrysler Dodge Jeep RAM	2%
Powersports	1%		Powersports (3)	1%

- (1) Includes Jaguar, MINI, Polestar and Volvo
(2) Includes Hyundai, Nissan, Subaru and Volkswagen
(3) Includes Harley-Davidson, Kawasaki, BRP, Polaris, Honda, Suzuki, BMW Motorrad, Yamaha, Ducati, Triumph, and Indian Motorcycle

Business Line Mix

- New Vehicle
- Used Vehicle (Including Wholesale)
- Parts, Service & Collision Repair ("Fixed Operations")
- Finance & Insurance ("F&I")

Note: Percentages are percent of total for year ended December 31, 2025.

Strategic Focus – Franchised Dealerships Segment

Franchised Dealerships Strategy

- Focus on opportunities to emphasize growth in parts and service (Fixed Operations) and finance and insurance (F&I) revenues and gross profit
- Actively manage new and used vehicle inventory across internal combustion (ICE), hybrid electric (HEV), and electric vehicles (BEV) to align with evolving consumer demand
- Focus on controllable selling, general and administrative (SG&A) expenses to maintain structural improvement in SG&A leverage as a percent of gross profit (compared to high 70% range prior to 2020)
- Opportunity to pursue accretive strategic acquisition opportunities to drive revenue growth and optimize our dealership network

* Refer to appendix for calculation and reconciliation of Segment Income, Adjusted EBITDA and Adjusted SG&A Expenses As % Of Gross Profit (non-GAAP measures).

Strategic Focus – Franchised Dealerships Segment (continued)

Retail New Vehicle Unit Sales Volume, Revenue, and Gross Profit Per Unit

Retail Used Vehicle Unit Sales Volume, Revenue, and Gross Profit Per Unit

Retail New And Used Vehicles

- Higher new vehicle average sales price continues to create consumer affordability challenges and pressure on new vehicle volume, while GPU has begun to stabilize
- We believe the "new normal" new vehicle GPU will remain higher than pre-pandemic levels, as new vehicle gross margin percentage has already returned to pre-pandemic levels
- We believe used vehicle GPU may decline over time if we are able to drive higher retail used vehicle unit sales volume by supplementing our inventory levels as off-lease inventory supply grows through 2026 and beyond, resulting in incremental total used-related gross profit when considering incremental F&I gross profit
- Strategic focus to return to selling at least 100 retail used vehicles per store per month, on average (represents over 20% improvement in retail used vehicle volume throughput per store)
- As new and used vehicle sales volume continues to normalize from pandemic-induced lows, Fixed Operations gross profit and F&I gross profit should benefit from higher customer throughput and increased service demand

Note: New and used vehicle GPU, sales volume, and F&I and fixed operations gross profit expectations and projections are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Strategic Focus – Franchised Dealerships Segment (continued)

Fixed Operations Gross Profit and Gross Margin %

F&I Gross Profit Per Unit and Product Penetration Rates

Fixed Operations And F&I

- Increased technician headcount and focus on technician retention and productivity is expected to drive additional fixed operations revenues and gross profit growth
- Fixed operations parts and labor cost inflation is generally passed along to customers, supporting stable fixed operations profit margins over time
- Vehicle affordability challenges may drive consumers to choose to repair their current vehicle to extend its life rather than replace it with a newer vehicle, benefitting fixed operations revenues
- We believe F&I GPU will remain structurally higher than historical levels as a result of optimized F&I presentation, consumer preferences, lower product cost structure and higher average vehicle sale prices
- Even in an elevated interest rate environment, finance contract penetration rates remain robust and are supported by manufacturer financing or lease incentives only available at franchised dealerships; warranty penetration remains strong as customers weigh the risk of rising vehicle repair costs

Note: Fixed operations gross profit, fixed operations profit margin and F&I GPU are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Strategic Focus – Franchised Dealerships Segment (continued)

Hybrid vs. Electric Vehicle Trends

- Industry sales volume penetration rates for combined hybrid electric vehicles (HEV) and plug-in hybrid electric vehicles (PHEV) are nearly 4x the penetration rates for battery electric vehicles (BEV) and are trending upward, while BEV penetration rates are declining
- FY 2025 hybrid new vehicle GPU was higher than internal combustion engine (ICE) new vehicle GPU in our import and domestic brands, and marginally lower in our luxury brands, driven by better consumer demand and relatively lower hybrid days' supply vs. both ICE and BEV
- BEV new vehicle GPU has lagged both hybrid and ICE vehicles as a result of higher inventory days' supply, higher average prices, and consumer preference for hybrid electric vehicles, resulting in BEV sales negatively impacting total average new vehicle GPU by approximately \$125 in YTD 2026 (representing GPU upside if future electrified vehicle production mix better aligns with demand)
- Initial BEV repair and maintenance trends show lower frequency of service visits but higher gross profit per repair order vs. ICE vehicles, while hybrid vehicles create opportunity to service both types of power trains over the life of the vehicle
- Both BEV and hybrid electric vehicles typically have longer manufacturer warranty periods, which could extend our service customer retention period and drive future market share gains

Note: Hybrid and electric vehicle trends and GPU upside are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Note: Average new vehicle relative GPU by power train in the chart above is shown as a percentage of blended average GPU for each brand group and franchised dealerships segment total GPU, where 100% represents the blended average GPU for each brand group and the franchised dealerships segment total GPU.

Strategic Focus – EchoPark Segment

EchoPark Strategy

- FY 2025 EchoPark Segment adjusted EBITDA* of \$49.2 million, up 78% year-over-year
- Expect to resume disciplined expansion of EchoPark footprint with 1 new location in Q4 2026 and 2-4 new locations in FY 2027
- Long-term goal to reach 90% of the U.S. population
- Below-market pricing and no-haggle, transparent guest experience expected to drive market share gains as brand awareness grows
- Begin to invest in EchoPark brand marketing to drive consumer awareness and support new market expansion (expect \$5 - \$7 million in incremental brand advertising expense in Q4 2026)
- EchoPark maintains the #1 ranking in guest satisfaction among all major pre-owned vehicle retailers according to Reputation.com

* Refer to appendix for calculation and reconciliation of Adjusted EBITDA (a non-GAAP measure).

Note: “EchoPark Operations” chart data includes currently operating stores and corporate/holding company results. “Closed Stores” chart data includes results from stores that are not currently in operation as of the date of this presentation.

Strategic Focus – EchoPark Segment (continued)

EchoPark Strategy

- Maintain focus on optimizing vehicle sourcing and inventory mix, vehicle pricing and F&I product offerings to drive targeted levels of total GPU along with unit volume growth
- Focus on maintaining positive retail used vehicle GPU, driven by fast inventory turns, expected stability in the spread between wholesale and retail prices, and a focus on sourcing more inventory from non-auction sources
- Lower total GPU in Q3 2026 was due in part to a shift in the unit sales volume mix towards BEV and high-mileage used vehicle units, which typically generate lower F&I product penetration, negatively impacting total GPU
- Used vehicle supply reached its lowest point in late 2025, due to lower levels of off-lease inventory as a result of declines in new vehicle industry sales volume and fewer lease originations since 2020 (see chart for supply trend of 3-year-old vehicles, which approximates the average age of vehicles in our inventory mix)
- Continued expansion of used vehicle supply should drive higher retail sales volume for EchoPark by providing optionality in sourcing the optimal vehicles to meet shifting demand

EchoPark Segment Adjusted EBITDA* and Total GPU (Used GPU + F&I GPU)

Used Vehicle Supply Trend For Units Up To Five Years In Age

* Refer to appendix for calculation and reconciliation of Adjusted EBITDA (a non-GAAP measure).

Note: F&I GPU growth, total GPU, used vehicle price and supply, and sales volume projections are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Strategic Focus – Powersports Segment

Powersports Strategy

- Standardized operating playbooks and processes in existing stores to facilitate future organic and acquisition growth
- Completed roll out of modernized inventory management and marketing strategy in FY 2025; partnered with new powersports F&I provider in 2026 to increase F&I product penetration
- Manage expenses and inventory to mitigate effects of weaker seasonal demand in Q1 and Q4 while supporting higher seasonal demand in Q2 and Q3
- Beginning to realize synergies from network effect, driving gains in used vehicle volume, and F&I and cross-selling opportunities
- Identify desirable acquisition opportunities at attractive valuations to grow this segment and reduce seasonal volatility
- Acquired five Harley-Davidson dealerships in California, Florida, Georgia and North Carolina in April 2026 to diversify geographic footprint and seasonality

Franchise Type	Acquisition Multiple	
	Low	High
High-Line Luxury	6.0x	10.0x
Other Luxury	3.0x	5.0x
Import	3.0x	8.5x
Domestic	3.0x	4.5x
Powersports	2.5x	4.5x

Note: Multiples are based on the most recent Haig Partners Report. Multiples are typically applied to a normalized dealership earnings before taxes. Luxury includes: BMW, Jaguar Land Rover, Lexus, Mercedes-Benz and Porsche. Other Luxury includes: Audi, Cadillac and Volvo. Import includes: Toyota, Honda, Subaru, Kia, Hyundai, VW. Domestic includes: Buick, Chevrolet, Ford, GMC, Chrysler, Jeep, Dodge, RAM.

Powersports Segment Adjusted EBITDA* (Millions)

* Refer to appendix for calculation and reconciliation of Adjusted EBITDA (a non-GAAP measure).

Note: Gains in used vehicle volume and F&I are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Strategic Focus – Consolidated Company

Consolidated Company Strategy

- Expect to maintain strong balance sheet and free cash flows
- Balanced capital allocation strategy prioritizes highest return opportunity
- History of returning capital to shareholders via dividend and share repurchases
 - Quarterly dividend per share has grown over 300% since FY 2019, current forward yield >2.5%
- Reduced outstanding shares by 27% since FY 2019
- Sonic's Board approved additional \$500 million of share repurchase authorization in April 2026, resulting in \$528 million of remaining share repurchase authorization as of September 30, 2026
- Net debt to adjusted EBITDA ratio* of 2.63 for the 12 months ended Q3 2026 is within our target leverage range

* Refer to appendix for calculation and reconciliation of Net Debt to Adjusted EBITDA Ratio (a non-GAAP measure).

Note: Dividend yield is based on stock price as of October 27, 2026.

Note: Balance sheet and free cash flow projections are estimates of future results. Actual results may differ. See "Forward-Looking Statements."

Strong Balance Sheet and Liquidity

Capital Allocation Trend

Note: Cap Ex represents total purchases of land, property and equipment from consolidated statements of cash flows included in Sonic's Annual Report on Form 10-K for the applicable fiscal year.

Sonic Automotive FY 2026 Outlook

Please see the below guidance for our current expectations for FY 2026 and Q4 2026. Previously issued guidance shown in parentheses where applicable.

Franchised Dealerships Segment

- Anticipate new vehicle GPU in the \$3,050 to \$3,100 per unit range for FY 2026 (previously \$2,850 to \$3,000), implies \$3,000 to \$3,200 per unit in Q4 2026
- Anticipate used vehicle GPU in the \$1,450 to \$1,500 per unit range in FY 2026 (previously \$1,350 to \$1,450), implies \$1,350 to \$1,500 per unit in Q4 2026
- Expect same store fixed operations gross profit growth between 2% - 3% in FY 2026 (previously mid single digit percentage growth), implies 1% to 3% growth in Q4 2026
- Expect F&I GPU in the \$2,600 to \$2,700 per unit range for FY 2026, implies \$2,550 to \$2,650 per unit range in Q4 2026

EchoPark Segment

- Expect adjusted EBITDA* between \$42 - \$45 million (previously \$35 - \$40 million), implies \$2 - \$4 million in Q4 2026, including effects of planned new store opening and brand marketing investment driving \$5 - \$7 million in incremental advertising expense in Q4 2026
- Expect 13.5% to 15% increase in used retail unit sales volume for FY 2026 (previously 12% to 15%), implies Q4 2026 used retail unit sales volume between 18,000 - 19,000 units
- Expect total GPU in the \$3,150 to \$3,250 per unit range for FY 2026 (previously \$3,100 to \$3,300), implies \$2,950 to \$3,050 per unit in Q4 2026

Powersports Segment

- Expect FY 2026 adjusted EBITDA* between \$16 - \$17 million (previously \$14 - \$17 million), implies \$1 - \$2 million in Q4 2026

Consolidated

- Expect FY 2026 adjusted SG&A expenses as a % of gross profit* in the 73.0% to 74.0% range (previously low 70% range), implying 73.0% to 74.5% in Q4 2026, including effects of EchoPark brand marketing investment
- Anticipate FY 2026 and Q4 2026 effective income tax rate in the 28.0% to 29.0% range

* Refer to appendix for calculation and reconciliation of Adjusted EBITDA and Adjusted SG&A Expenses as a % of Gross Profit (non-GAAP measures).

Note: Above outlook is based on projections. Actual results may differ. See "Forward-Looking Statements." Financial data may also include certain forward-looking information that is not presented in accordance with GAAP. We believe that a quantitative reconciliation of such forward-looking information to the most directly comparable GAAP financial measure cannot be made available without unreasonable efforts, because a reconciliation of these non-GAAP financial measures would require an estimate of future non-operating items such as impairment charges, gain/loss on property dispositions, and/or non-recurring SG&A expenses. Neither the timing nor likelihood of these events, nor their probable significance, can be quantified with a reasonable degree of accuracy. Accordingly, a reconciliation of such forward-looking information to the most directly comparable GAAP financial measure is not provided.

Appendix:

Financial Tables & Non-GAAP Reconciliations

Definition of Non-GAAP Financial Measures

To supplement the Company's financial data presented in accordance with accounting principles generally accepted in the United States ("GAAP"), this presentation contains certain non-GAAP financial measures, such as adjusted net income, adjusted earnings per diluted share, segment income (loss), adjusted segment income (loss), adjusted SG&A expenses as a percentage of gross profit, adjusted EBITDA, adjusted EBITDA loss, and net debt to adjusted EBITDA ratio. The Company has provided reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures in the appendix to this presentation.

Management believes that these non-GAAP financial measures are important supplemental measures of performance which improve the comparability and transparency of the Company's disclosures and provide a meaningful presentation of the Company's results. Management also considers these non-GAAP financial measures when making financial, operating and strategic decisions.

Financial data may also include certain forward-looking information that is not presented in accordance with GAAP. We believe that a quantitative reconciliation of such forward-looking information to the most directly comparable GAAP financial measure cannot be made available without unreasonable efforts, because a reconciliation of these non-GAAP financial measures would require an estimate of future non-operating items such as impairment charges, gain/loss on property dispositions, and/or non-recurring SG&A expenses. Neither the timing nor likelihood of these events, nor their probable significance, can be quantified with a reasonable degree of accuracy. Accordingly, a reconciliation of such forward-looking information to the most directly comparable GAAP financial measure is not provided.

Adjusted Net Income is defined as GAAP net income, excluding certain non-operating charges and/or benefits that may affect the comparability of results from period to period.

Adjusted Diluted Earnings Per Share ("Adjusted EPS") is defined as Adjusted Net Income divided by diluted weighted-average common shares outstanding.

Segment Income (Loss) is defined as segment income (loss) before taxes, excluding impairment charges.

Adjusted Segment Income (Loss) is defined as Segment Income (Loss), excluding certain non-operating charges and/or benefits that may affect the comparability of results from period to period.

Adjusted Gross Profit is defined as GAAP gross profit, excluding certain non-operating charges that may affect the comparability of results from period to period.

Adjusted SG&A Expenses is defined as GAAP SG&A expenses, excluding certain non-operating charges and/or benefits that may affect the comparability of results from period to period.

Adjusted SG&A Expenses as a % of Gross Profit is defined as GAAP SG&A expenses, excluding certain non-operating charges and/or benefits that may affect the comparability of results from period to period, expressed as a percentage of adjusted gross profit.

Adjusted EBITDA is defined as GAAP net income (loss), excluding the provision for income taxes, non-floor plan interest expense, depreciation and amortization expense, stock-based compensation expense, and certain non-operating charges and/or benefits that may affect the comparability of results from period to period.

Segment Adjusted EBITDA and Segment Adjusted EBITDA Loss is defined as segment income (loss) before taxes, excluding non-floor plan interest expense, depreciation and amortization expense, stock-based compensation expense, and certain non-operating charges and/or benefits that may affect the comparability of results from period to period.

Net Debt to Adjusted EBITDA Ratio is defined as long-term debt (including current portion), less cash and equivalents, less outstanding floor plan deposit balance, expressed as a ratio to Adjusted EBITDA.
