PERFORMANCE HIGHLIGHTS : FY2025-26

Highest ever Total Income
₹9433.22cr

PAT
₹1221.81 cr

Ever highest Throughput :
5.58mn TEUs, 9.56% growth over 2024-25
(Last Year 5.09 mn TEUs)

CONCOR Ranked 278th
Among the top 500 companies in the coveted list of Fortune 500 companies of India.

Containerized Cargo Movement:
68.02 MT Loaded & Moved

Time Tabled Freight Express Train
Commenced Double Stack train operations from MMLP Dadri to Mundra Port

11,116 Double stack Trains Moved

Deployed 230 LNG Trucks ,2 EV Trucks & 7 E-RSTs

Infrastructure Additions

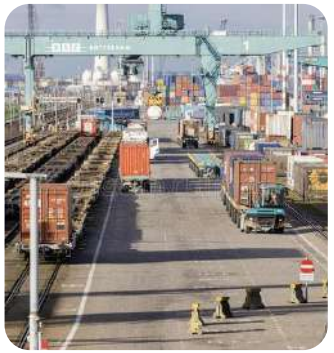

- **Commissioned 20** New High Speed heavy **capacity rakes in Q1, 2026-27,** (Total 444 Rakes as on 30.06.2026)
- **Procured 318** New **Indigenously manufactured** Containers in Q1, 2026-27 - Boost for **'Atma-Nirbhar Bharat'** Mission (Total fleet of **58,300 Containers** upto 30/06/2026)
- CONCOR established Rail connectivity for the Gati Shakti Multi-Modal Cargo Terminal (GCT) at Vernama WDFC at New Makarpura Yard. This achievement underscores India,s commitment to modernize its logistics and transportation infrastructure under the " Gati Shakti Initiative"

CONCOR is Operating its trains at 152 locations

GREEN & SUSTAINABLE LOGISTICS

CONCOR registered an impressive growth of approx. 17% in Tonnage carried under its First Mile–Last Mile (FMLM) services in FY 2025–26 over the previous year **(Through LNG Trailers).**

CONCOR, launched the advanced version of '**CONCOR MAXIMO – Asset Management System'.** This initiative is a significant step towards enhancing efficiency, transparency, and real-time analytics for decision-making.

CONCOR was conferred with a **'Three Star Rating'** by TERI (The Energy and Resources Institute).

CONCOR inaugurated the movement of its first LNG-powered Container Trailer from ICD Kanpur. The initiative begins with the deployment of five 40-foot LNG trailers, marking a decisive move to decarbonise logistics operations.

95 % Cargo moved by Train (less emission of CO2)

100% paper less Work *(IT Solutions)*

Digital invoice

Digital record of Board Meetings

RAKE MONITORING PORTAL

On-Line TDS facility

E-Booking of Containers

*Graduated from being a Rail/Terminal Operator to a full-fledged NVOCC by launching the first ever **In House Bill of Lading (BL)**.*

COLLABORATION WITH MARKET LEADERS

- MoU with **Shipping Corporation of India** (SCI), **V.O. Chidambarnar Port Authority** (VOCPA), **Jawaharlal Nehru Port Authority** (JNPA), **Chennai Port Authority** (CPA), and **Sagarmala Finance Corporation Ltd.** (SMFCL) for the formation of a Joint Venture namely **'Bharat Container Shipping Line** (BCSL).
- MoU with **Vizhinjam International Seaport Limited (VISL)** for development of a **Container Freight Station (CFS)** in the vicinity of Vizhinjam International Seaport, Thiruvananthapuram Kerala.
- Mou with **Jawaharlal Nehru Port Authority (JNPA)** to collaborate on the Development and Management of Common Rail Handling Operations for all upcoming Container Terminals at the proposed **Vadhavan Port** in Maharashtra.
- MoU with **M/s Adani Cement (M/s Ambuja Cements Limited and M/s ACC Limited)** to enable Rail-based transportation of Bulk Cement using specialized Tank Containers.
- Strategic Agreement with **M/s UltraTech Cement Ltd.** to transport Bulk Cement through specialized Tank Containers on 07.10.2025.

RAKE MONITORING SYSTEM

CONCOR launched the **Rake Monitoring Portal** in June 2025.

With the help of this Portal, Real-Time Geospatial monitoring of all India Rakes is possible.

This Portal is giving us:

- ❖ Live Rake Visibility
- ❖ Smarter Forecasting
- ❖ Improved Planning &
- ❖ Analytics Proactive Maintenance

e-LOGISTICS MOBILE APP

- Mobile app for First Mile & Last Mile Services that offers a unified digital platform for both service providers and customers, enhancing 'Customer Value Creation' across various transportation services.
- Fully automated and paperless operations save valuable time and reduce costs.
- Container Movement through Mobile App – 142 TEUs in FY 26-27 (Q1).

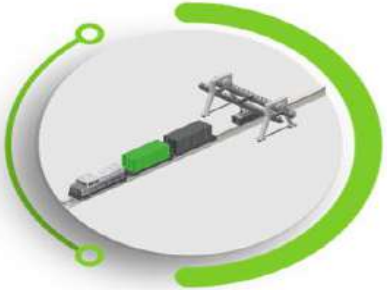

AI BASED TERMINAL MANAGEMENT SYSTEM

KNOW YOUR CONTAINER LOCATION (KYCL)

- **K**now **Y**our **C**ontainer **L**ocation system provides location of a container lying at any of the CONCOR terminals to the customer.
- To capture container locations online in the yard, Wireless Hand held RDT's (Radio Data Terminals) have been provided at all major terminals.
- Locations are captured as and when a container is moved from one location to other within the terminal right from arrival to departure.
- Facilitates customer round the clock to track their \containers through CONCOR's website.

DIGITAL WORKSPACE SOLUTION : eOffice

- CONCOR is among the pioneer PSUs for implementation of e-Office System.
- This has facilitated paperless office by replacing physical file movement/approval in electronic mode.
- Enhanced/Increased transparency, efficiency productivity and decision making.
- Effective utilization of resources, space, efforts, cost and also environment friendly.

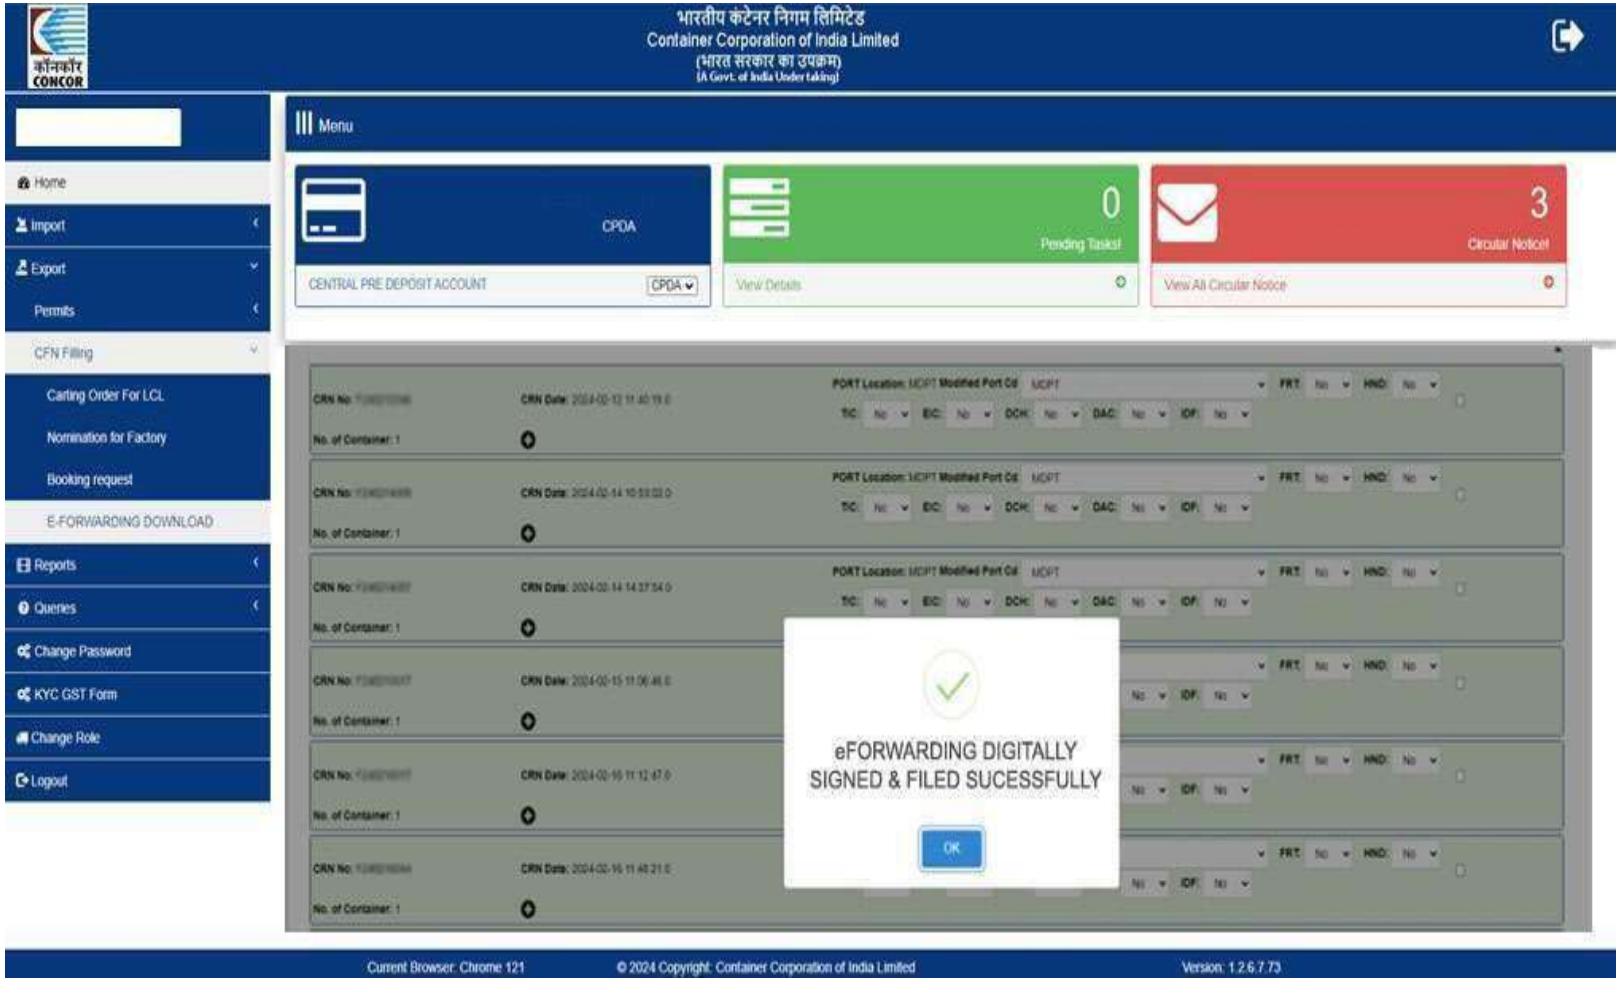

AUTOMATION OF CONTRACT MANAGEMENT BILLING

- Online Submission of Invoices by Contractors through Digital Signatures round the clock through CONCOR's integrated digital platform (https://ebillingconcorindia.com/emb)
- Integrated with Financial Accounting System(ERP).
- Integrated with GeM Portal
- Online Payments are being processed/ paid to Contractors.

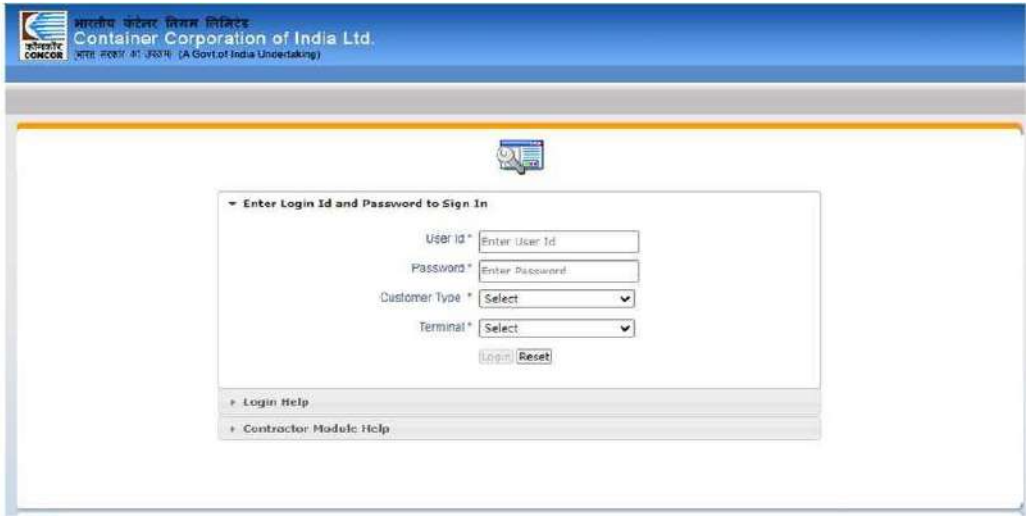

e-FORWARDING NOTE FOR STAKEHOLDERS

e-FILING SYSTEM FOR EXIM OPERATIONS

- e-Filing System for EXIM Operations as well as shipping is available round the clock and can be accessed through www.ccilweb.com through digital Signatures

- Portal is integrated with Icegate, Railways etc.
- Stakeholders such as Shipping Lines, Exporters, Importers, CHAs, Freight Forwarders, and Joint Ventures (JVs) are provided with an e-filing option enabled by digital signatures for conducting online transactions.
- Integrated e-filing platform saves time and cost & increase transparency and efficiency

EMPLOYEE SELF-SERVICE PORTAL (HRMS)

- User-friendly Employee Self-Service Portal
- System based on workflow and pre- validation
- Online application and approval features
- Integrated with centralized facial recognition biometric attendance system at all locations, validated for salary and leave (compensatory off)
- Linked with online vigilance clearance system
- Accessible via web and mobile platforms

NEW INITIATIVES

- BULK CEMENT MOVEMENT IN TANK CONTAINER
- LIQUID CARGO MOVEMENT IN TANK CONTAINERS
- PASSIVE COOLING TECHNOLOGY THROUGH ICE BATTERY
- ASSURED TRANSIT CONTAINER TRAIN SERVICE
- LAUNCH OF SHIPPING SERVICES UNDER CONCOR'S OWN BILL OF LADING
- DEVELOPMENT OF RAILWAY SHED IN LOGISTICS HUB
- DOOR TO DOOR PARCEL SERVICES
- PROCUREMENT OF BLSS AND BLCS WAGONS
- STRENGTHENING OF INFRASTRUCTURE BY ADDING NEW TIE-UPS/STRATEGIC ALLIANCES.

BULK CEMENT MOVEMENT IN TANK CONTAINER

✓Cement companies can plan loading/unloading of cement either at their production/ consumption point or in/out Silos.

✓Pneumatic Loading / Unloading. No pit required

✓Tank can be handled at container siding

✓It will reduce multiple handling and wastage of cement.

✓Entire mode is cost-effective and environment friendly.

CONCOR introduced Specialized Tank Containers for loading Bulk Cement in Loose form

CONCOR introduced Specialized Tank Containers for loading Bulk Cement in Loose form for the first time in June 2025.

The Real-time operations have been commenced from MMHM (My Home Cement Siding), Mellacheruvu in Andhra Pradesh to CONCOR ICD at Bangalore.

These Tank Containers support the Cement Industry by enabling Bulk movement via Rail and are an efficient, Green & Sustainable mode of transport. This initiative marked another milestone in strengthening India's logistics supply Chain.

LIQUID CARGO MOVEMENT IN TANK CONTAINERS

CONCOR has introduced the movement of customer owned specialized tank containers for loading of Bulk Liquid.

Full/Part train load operations have commenced from Mundra Port to Dadri, Khatuwas and Barhi.

First lot of Tank Containers carrying industrial chemicals was offered by M/s AMLF at Mundra Port for ICD Khatuwas on 26/06/2025.

This marks yet another milestone in strengthening India's logistics supply chain. These tank containers service support the Liquid Cargo movement by enabling bulk movement via rail—an efficient, green and sustainable mode of transport.

PASSIVE COOLING TECHNOLOGY THROUGH ICE BATTERY

Concept/Benefits of ICE BATTERY (IB) Hybrid Reefer Technology

- CONCOR has acquired a **unique cold chain logistics solution** called 'Ice Battery' technology, which maintains temperature inside specially designed Hybrid 20ft/40ft Reefer Containers in the **range of 2–25°C for around 50 hours** without any external power or diesel supply.
- **Developed in Japan** and successfully used for over **15 years**; now acquired exclusively by CONCOR for India.
- Already **50+ successful movements in India**, including 3 to **Sri Vijaypuram (Port Blair)**, for temperature-sensitive Agro & Pharma commodities.
- **Patented Technology**: Exclusively licensed to CONCOR for India.
- **Supports Green Logistics**: Significant reduction in diesel usage → lower carbon footprint.
- **Maintains optimum humidity levels**, keeping cargo fresher compared to traditional cooling systems.
- **Live Track & Trace**: Location and temperature monitoring available with real-time data sharing to customers.

Key Features of Hybrid ICE Battery Reefer Containers

Hybrid Functionality: Can operate as regular reefer containers when plugged in (on land, sea, or train) and also for road transport without DG sets.

Temperature Maintenance without DG sets:

20ft: 2–8 °C for ~56 hrs | 15–25 °C for ~48 hrs

40ft: 2–8 °C for ~54 hrs

Intermodal Capabilities: with rail, road, & sea movement.

Container Dimensions: 20ft and 40 ft.

done

PASSIVE COOLING TECHNOLOGY THROUGH ICE BATTERY

ICE Battery Trucks (for 1st/Last Mile Services)

- **20ft Swaraj Mazda** – Capacity: 5 MT (Temperature Mapping Study completed)
- **Bolero Pick-up** – Capacity: 1 MT
- **32ft Hybrid Ice Battery Truck** – Capacity: ~21 MT (Vendor's vehicle; available on demand)

Service Offering

- CONCOR provides **end-to-end cold chain logistics solutions** in **2–8 °C and 15–25 °C ranges** for **domestic & international movement**, including up to the **Middle East and South-East destinations**.
- Customers can request **presentations or demonstrations** of the technology **in-person or via VC**.

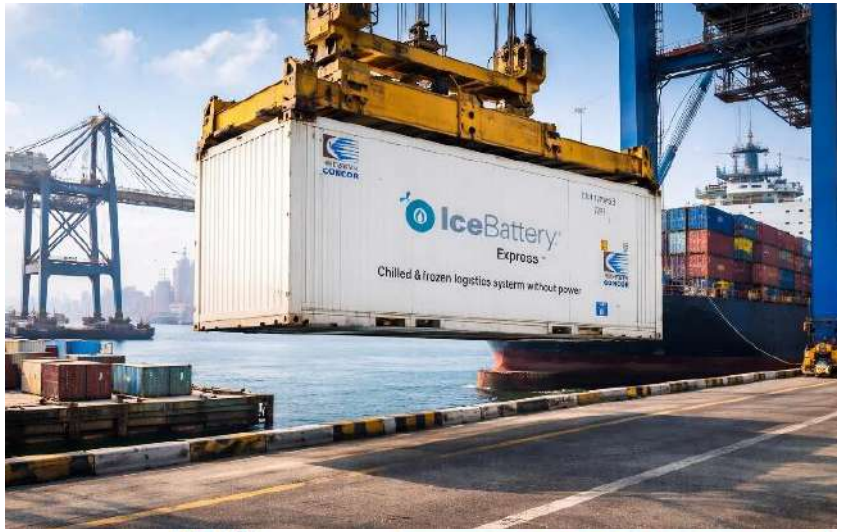

ASSURED TRANSIT CONTAINER TRAIN SERVICE

Delhi – Agra – Kanpur – Kolkata Corridor

- Launched Assured Transit Container Train Service to provide time-bound and reliable cargo movement across the high-demand Delhi–Kolkata corridor.
- Successfully dispatched 42 rakes, delivering 2,170 TEUs and 57,332 MTs of cargo.
- Achieved an average transit time of 106:41 hours, outperforming the targeted 120-hour transit schedule.
- Operates with bi-weekly departures, ensuring regular and predictable service availability.
- Facilitates seamless transportation of diverse commodities including lube oils, pulses, wheat, sugar, rice, and other essential cargo.

LAUNCH OF SHIPPING SERVICES UNDER CONCOR'S OWN BILL OF LADING

- Launched a dedicated Overseas Shipping Services vertical to strengthen CONCOR's global logistics presence.
- Initiated movement of CONCOR-owned containers to Middle East and South-East destinations, marking entry into international shipping operations.
- Introduced In-house Bill of Lading (BL) issuance through owned containers, enabling greater operational control and seamless documentation.
- Enhanced end-to-end logistics capabilities by integrating inland transportation with overseas cargo movement.
- Expanded service portfolio beyond domestic and EXIM rail logistics towards global multimodal connectivity.

DEVELOPMENT OF RAILWAY SHED IN LOGISTICS HUB

Sonik (Lucknow Division) –
In Association with Indian Railways

- Developed a Railway Shed at Sonik (Lucknow Division) as an Integrated Logistics Hub in collaboration with Indian Railways.
- Created a multifunctional logistics facility to support efficient cargo handling, storage, and transportation.
- Strengthens rail-linked logistics infrastructure for seamless movement of goods across regions.
- Enhances multimodal connectivity, enabling efficient first-mile and last-mile cargo integration.
- Designed to cater to diverse cargo requirements, improving operational flexibility and logistics efficiency.

DOOR-TO-DOOR PARCEL SERVICES

Under Indian Railways' Joint Parcel Product (JPP-RCS)

- CONCOR launched Door-to-Door Parcel Services across multiple origin-destination locations.
- Empaneled as an Aggregator for Parcel Van Booking on Indian Railways routes under the JPP-RCS framework.
- Enabled end-to-end logistics solutions, including first-mile pickup and last-mile delivery.
- Expanded service offerings from Full Container Load (FCL) logistics to smaller shipment/parcel movement.
- Strengthened CONCOR's presence in the parcel and express logistics segment.
- Enhanced accessibility for SMEs, traders, and businesses requiring smaller consignments.

INDIAN COMPANIES

"A customer is the most important visitor on our premises. He is not dependent on us. We are dependent on him. He is not an interruption of our work. He is the purpose of it. He is not an outsider of our business. He is part of it. We are not doing him a favour by serving him. He is doing us a favour by giving us the opportunity to do so."

- Mahatma Gandhi
