Three Strategic Fields

Net Sales Trends and KPIs in the Three Strategic Fields

Electronics

Device Materials Specialty Chemicals / FC

- Firm trends in large-scale display demand in the LCD field
- Continued robust demand centered on the semiconductor sector; substantial growth in binder resins for MLCCs and SELFA

Mobility

Interlayer Films

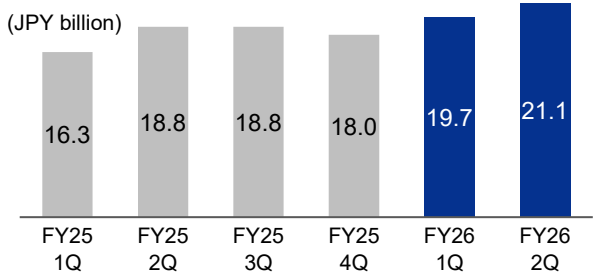

Automotive Molding / Aeronautical Components

- Ongoing firm trends in interlayer films for HUDs (In excess of 100% in the 1H on a sales volume basis)
- Aeronautical components: Aircraft-related demand exhibiting a recovery trend
  Greater-than-anticipated growth in the new drone and air mobility fields

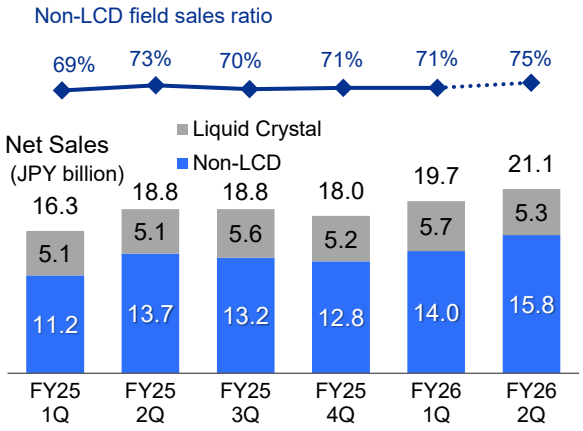

Industrial

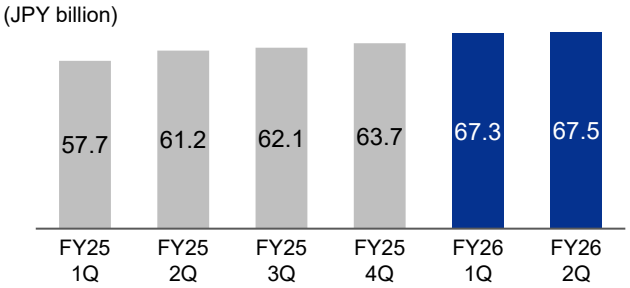

Sensing / Molding Products

- Continue to capture new orders in various fields, including sensors and care materials; focus on expanding sales of labor-saving and environmentally friendly products
- Certain portion of demand brought forward due to such factors as the impact of conditions in the Middle East

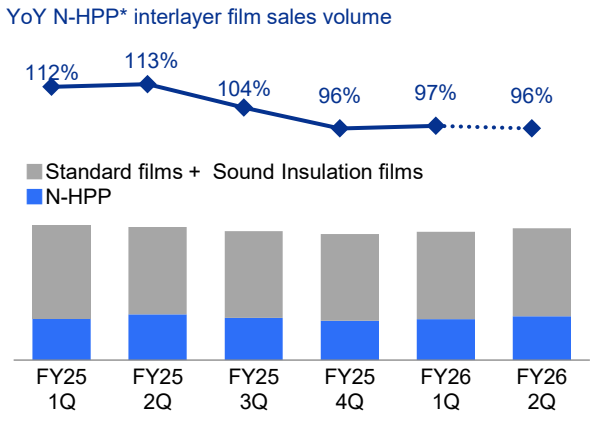

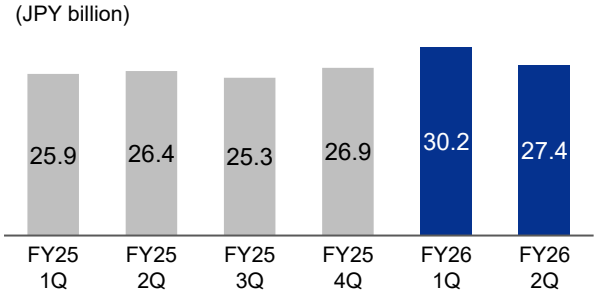

Focus on the non-LCD field

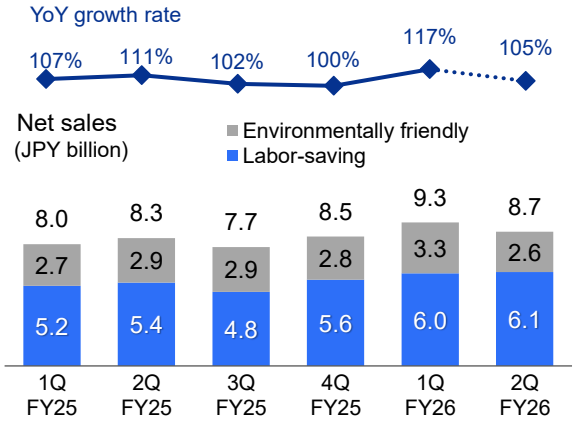

N-HPP interlayer film sales volume

Labor-saving, environmentally friendly product sales growth

* N-HPP: New high-performance products; A generic term for all other HUD, heat insulation, and colored / designed film, excluding sound insulation film from conventional high-performance interlayer films
