Earnings Briefing Materials for 2Q of the Fiscal Year Ending December 2026

August 6, 2026

Earth Corporation

Executive Summary

FY26 2Q Results

Sales: ¥109.0 B (vs. forecast: +0.1%; +¥50 M)

Operating Income: ¥13.2 B (vs. forecast: +7.9%; +¥960 M)

- Sales:
  - Domestic Insecticides & Repellents:
    Both shipments and sell-through remained strong, driven primarily by new products.
  - Domestic Homecare Products:
    While bath salts faced a challenging market, oral hygiene products recovered.
  - Overseas:
    Revenue increased overall, despite varying market conditions across different regions.
  - General Environment & Sanitation:
    Steady growth in contract numbers leading to favorable performance.
- Gross profit: The gross profit margin declined slightly due to factors like soaring raw material prices.
- While SG&A increased YoY, it remained well within the planned budget.

Impact of the situation in the Middle East

Assuming current conditions persist, we anticipate a negative impact of approximately JPY 1 billion on operating income for the current fiscal year.

We expect to fully offset the material impact through initiatives, primarily pricing actions in Homecare Products.

H2 & Beyond

In the Homecare products, we will expand market share, realize synergies from the integration of Bathclin, and pass on rising raw material costs to prices.

In the General Environment & Sanitation Business, we will accelerate our expansion into ASEAN, leveraging M&A as a starting point.

© Earth Corporation All Rights Reserved.

Impact of the situation in the Middle East

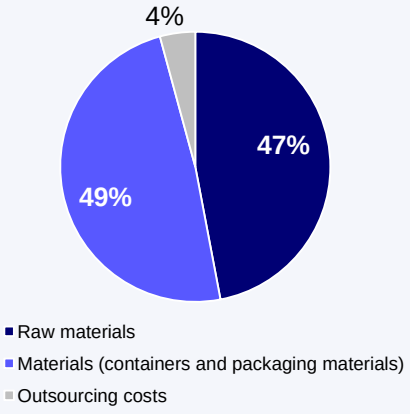

- **Costs for raw materials, packaging materials, and other items have risen.**
- **We project an operating income headwind of ¥1 billion for the current fiscal year. However, we fully expect to offset this through price adjustments and other measures.**

Estimated Impact (FY 2026)

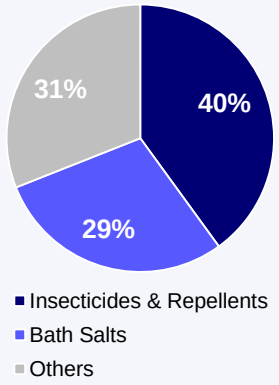

Estimated profit impact: Approximately ¥1 billion

- **Higher prices for organic acids, the principal raw material in bath salts, were a factor.**
- **Rising prices for raw materials used in aerosols for Insecticides & Repellents (such as LPG) have also had a significant impact.**

Breakdown of Estimated Impact

Impact by Category

Initiatives & FY 2026 Outlook

- **We will implement price adjustments beginning in the early fall, primarily for homecare products such as bath salts.**
- **We expect to fully offset this impact through a combination of price adjustments and adjustments to SG&A expenses.**

Impact on FY 2027

- **Because we build inventory for Insecticides & Repellents during the fall and winter, we expect this cost impact to carry over into the next fiscal year.**
- **While much depends on how the situation in the Middle East unfolds, we are monitoring it closely and evaluating both additional price adjustments and the use of alternative raw materials.**

Reform Corporate Compass & Infrastructure

COMPASS 2026

Transform the earnings structure & build a framework

Drive sales: Overseas

Grow market share

Cultivate markets

Review Businesses

Drive revenue: Domestic

Shift the business portfolio

Optimize resource allocation

Build a foundation: Group

Enhance oversight of Overseas/Group companies

Enhance M&A Capabilities

Enhance Investment profitability

Next MTBP

Enhance global expansion

Nurture a second revenue pillar after Insecticides & Repellents

Build a foundation for diverse business development

Group restructuring & enhanced profit structure

Maximize Group sales & profits

Operating Income Margin

Business Portfolio Targets

■ **Leverage the 4 pillars of our operations in Japan, Overseas, the General Environment & Sanitation Business, and MA-T to grow profits.**

Japan	Overseas	General Environment & Sanitation Business	MA-T
Minimize seasonality effects to secure core profit for our business	Overseas business as a growth driver with a special focus on ASEAN	Secure stable profits	Develop a new business immune to seasonality factors
Maintain No.1 market share (Insecticides & repellents, bath salts)	Achieve No.2 position in the global market for insecticides & repellents	Put in place 3 pillars of technical expertise, training, and specialization	Secure stable profits in the liquid solutions business
Secure profits in homecare products ・Mouthwashes & air fresheners ・Masks for household use	Expand operations with a focus on 24 countries	Improve quality assurance support service through environmental doctors	Build business model through license PF
New growth categories ・Gardening supplies ・Pet supplies	Nurture global brands: ・Insecticides & Repellents ・Oral care ・Air fresheners	Expand services to new domains and build a business foundation for sustained growth	Real-world application of MA-T® as a technology capable of helping solve social issues

© Earth Corporation All Rights Reserved.

Financial Result Highlights

- **YoY: Despite revenue growth, operating income and net income declined due to a higher cost of sales ratio and increased SG&A.**
- **Vs. Plan: Sales met expectations, while disciplined SG&A spending drove an operating income beat.**

(Unit: 0.1 billion JPY)

Progress vs. OI Target (Quarterly/Cumulative)

(Unit: 0.1 billion JPY)

- Q2 sales met expectations, but gross profit fell short due to raw material inflation.
- Operating income increased due to selling, general, and administrative expenses remaining within budget. Progress is on track relative to the full-year plan.

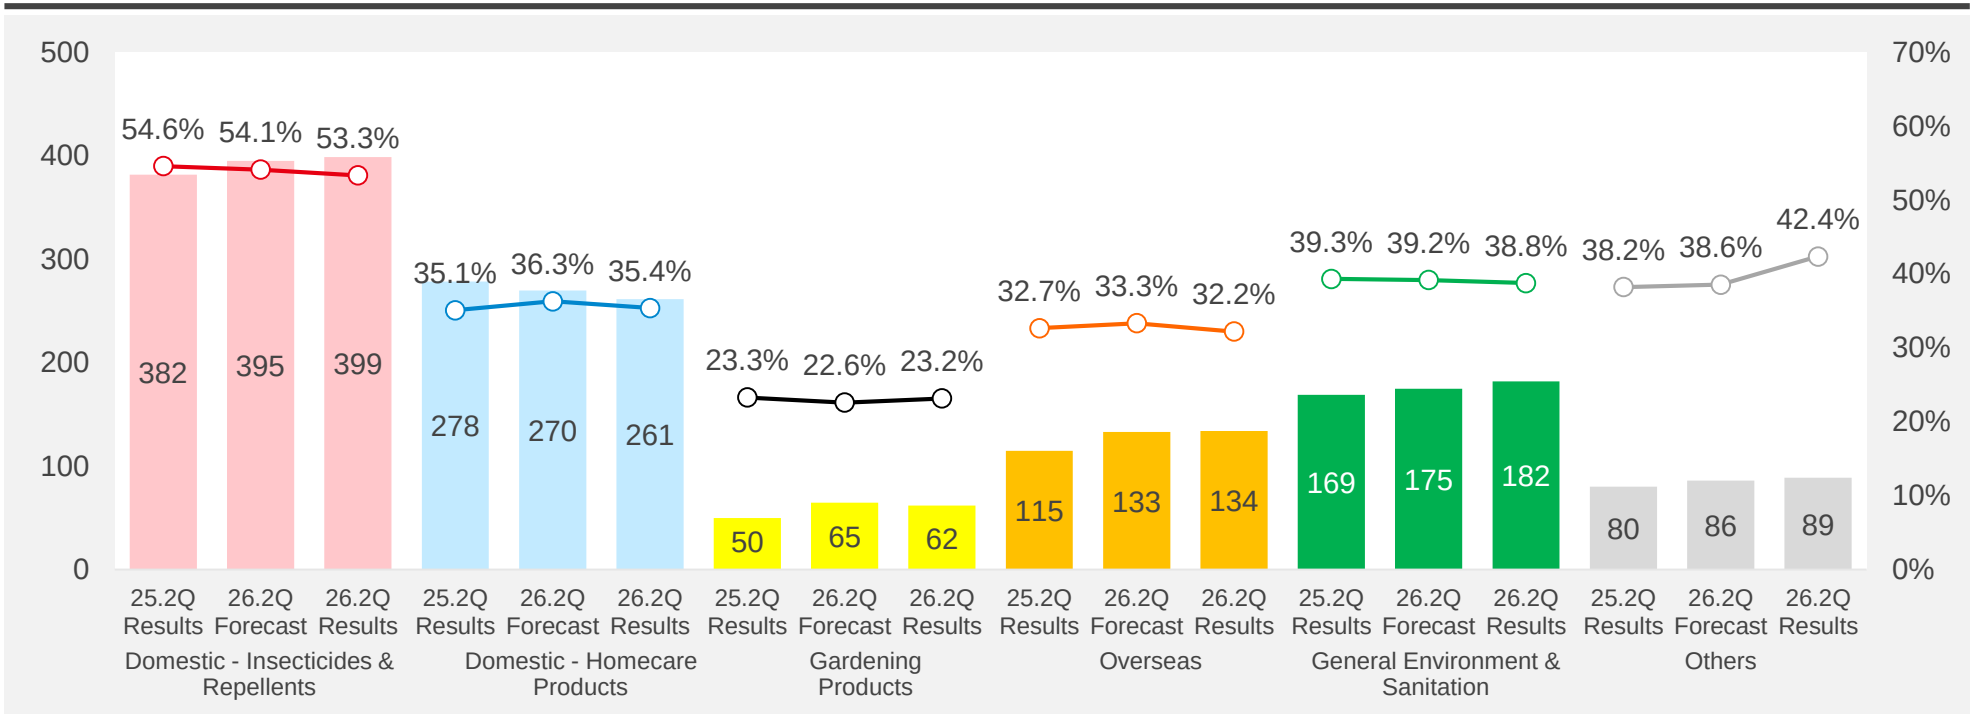

© Earth Corporation All Rights Reserved.

Management Accounting Basis: Sales/GPM (25 vs. 26)

- **Domestic - Insecticides & Repellents: Strong market trends and solid shipments of new products drove revenue growth.**
- **Domestic - Homecare Products: Oral hygiene products and air fresheners performed well, though bath salts faced some headwinds.**
- **Gardening Products: Results came in below plan, but we still achieved year-on-year growth.**
- **Overseas: Overall revenue grew despite mixed results across different regions.**
- **General Environment & Sanitation: Continued delivering stable growth.**

Sales / GPM by Portfolio

(Unit: 0.1 billion JPY)

In local-currency terms

Overseas: Status Update (China, Exports)

Sales

China

Exports

FY26 2Q Status

- Some key accounts fell short of targets.
- We will continue to focus on expanding into emerging channels while monitoring our revenue balance.
- The closure of the Suzhou plant is proceeding as planned.

- Sales to Saudi Arabia fell short of both the previous year's figures and the target due to escalating tensions in the Middle East.
- Sales remained strong in Hong Kong, Taiwan, and other countries, and overall results exceeded those of the previous year.

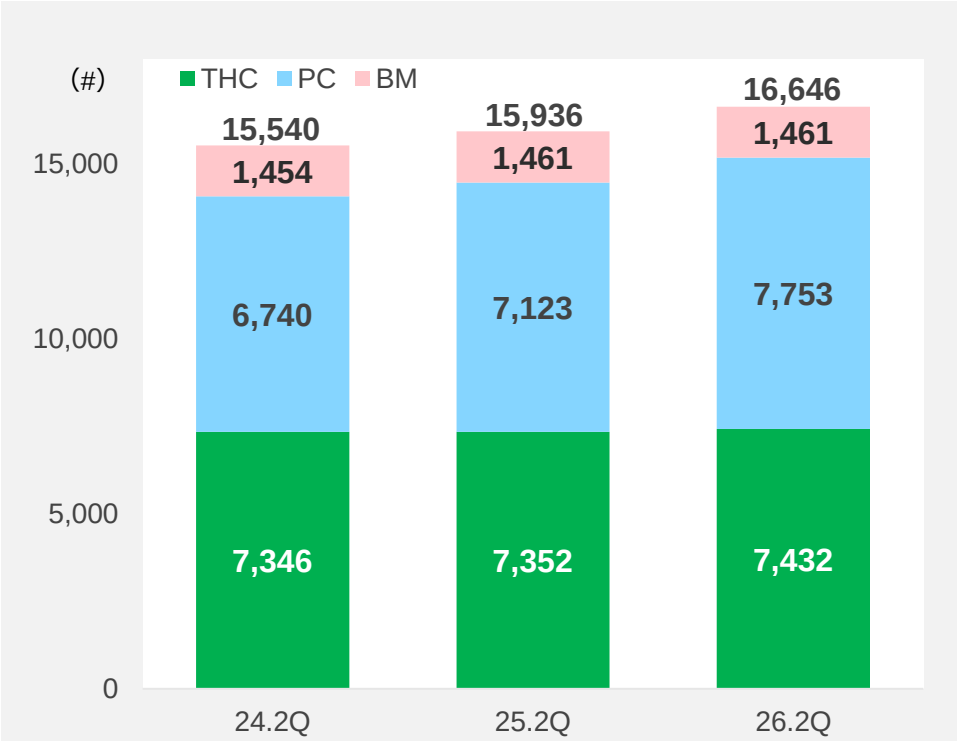

© Earth Corporation All Rights Reserved.

*Based on local subsidiary sales

General Environment & Sanitation – Status Update

- **Rising demand for highly specialized, technology-driven hygiene services led to an increase in total contracts.**
- **The shift toward higher value-added services drove an increase in average contract value.**

General Environment & Sanitation - Trend in Annual Contract Numbers

Key Performance Drivers

External

- **Reports of foreign material contamination and changes in domestic legislation have led to greater client interest in hygiene control solutions.**
- **Increased capex spending in the manufacturing industry.**

Internal

- **Aggressive investment to enhance specialized expertise and technological R&D.**
- **Expand our testing facilities in the field of Life Sciences.**

*THC: Total Health Care; PC: Pest Control; BM: Building Maintenance

Operating Income Change Factors (vs. Forecast)

- **Factors weighing on profits include changes in the sales mix, a rise in the cost-to-sales ratio due to escalating tensions in the Middle East, and exchange rate fluctuations.**
- **Factors contributing to profit growth are primarily the reduction and non-utilization of fixed costs, such as advertising and promotional expenses.**

(0.1 B JPY)

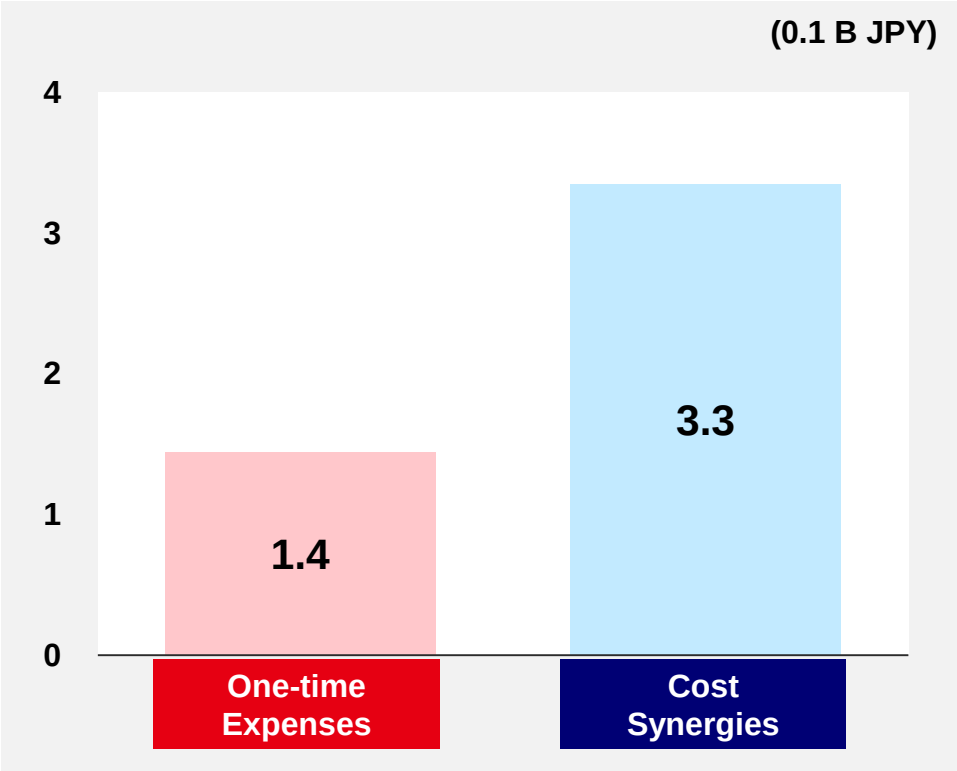

© Earth Corporation All Rights Reserved.

Synergies from the Bathclin Integration

- The payment of one-time expenses related to the absorption-type merger with Bathclin has been largely completed.
- For 2026, we expect to generate cost synergies that will exceed the one-time expenses incurred.
- We aim to realize further synergies through the sharing and utilization of knowledge and expertise.

One-time Expenses / Cost Synergies (2026)

Expected Future Synergies

- Expansion of Distribution Channels
- Cost Reduction Through Formulation Improvements
- Improving Production Efficiency Through Consolidation of Production Sites
- Unlocking Potential Brand Value

© Earth Corporation All Rights Reserved.

2026 - Forecast Highlights

- **The impact of the escalating tensions in the Middle East is expected to be offset by measures such as passing on price increases.**
- **We are maintaining our initial guidance and remain committed to achieving the full-year targets.**

(0.1 B JPY)

	2026 Forecasts	Key Highlights	2025 Results
Sales	**1,880**	• Domestic & General Environment & Sanitation: Sustaining stable growth. • Overseas: Prioritizing market share expansion across all regions, targeting revenue growth on a local currency basis.	1,791.8
Gross Profit	**789**	• Margin improvement driven by focusing on high-value-added products and lower procurement costs.	747.3
SG&A	**699**	• Accelerating A&P investments in H1 to drive market share expansion. • Unlocking integration synergies with BATHCLIN.	666.4
Operating Income	**90**	• We expect an increase in operating income.	80.8
Net Income attributable to owners of parent	**62**	• No significant fluctuations expected in non-operating income/expenses; no extraordinary items projected.	52.3
ROE	**8.1%**	• Targeting an ROE above 8% through further improvements to profitability and capital efficiency.	7.3%

Earth Corporation

H2 & Beyond: Strategic Initiatives

Homecare Products

Transforming into a highly profitable, sustainable growth model driven by the dual engines of Premiumization and Market Share Expansion.

Oral Hygiene Products

High growth driven by the development of new customer segments and a shift toward premium products

Accelerate promotional efforts	Creating Opportunities for Experiences	Increasing Average Revenue Per Customer

Bath Salts

Through synergy creation in the Bathclin integration, we aim to become “Creator of completely new bath-life value”

Generating New Demand	Strengthening Key Brands	Maximizing Synergies from Integration

© Earth Corporation All Rights Reserved.

Oral Hygiene Products

Enhancing our “MONDAMIN Premium Care” lineup

- Sales of the high-priced, high-margin “MONDAMIN Premium Care” line grew, strongly driving growth across the entire category.
- By expanding the product lineup—including large-capacity pouches—the company prevented existing customers from switching brands and promoted continued use and higher average revenue per customer.

Enhancing the product lineup

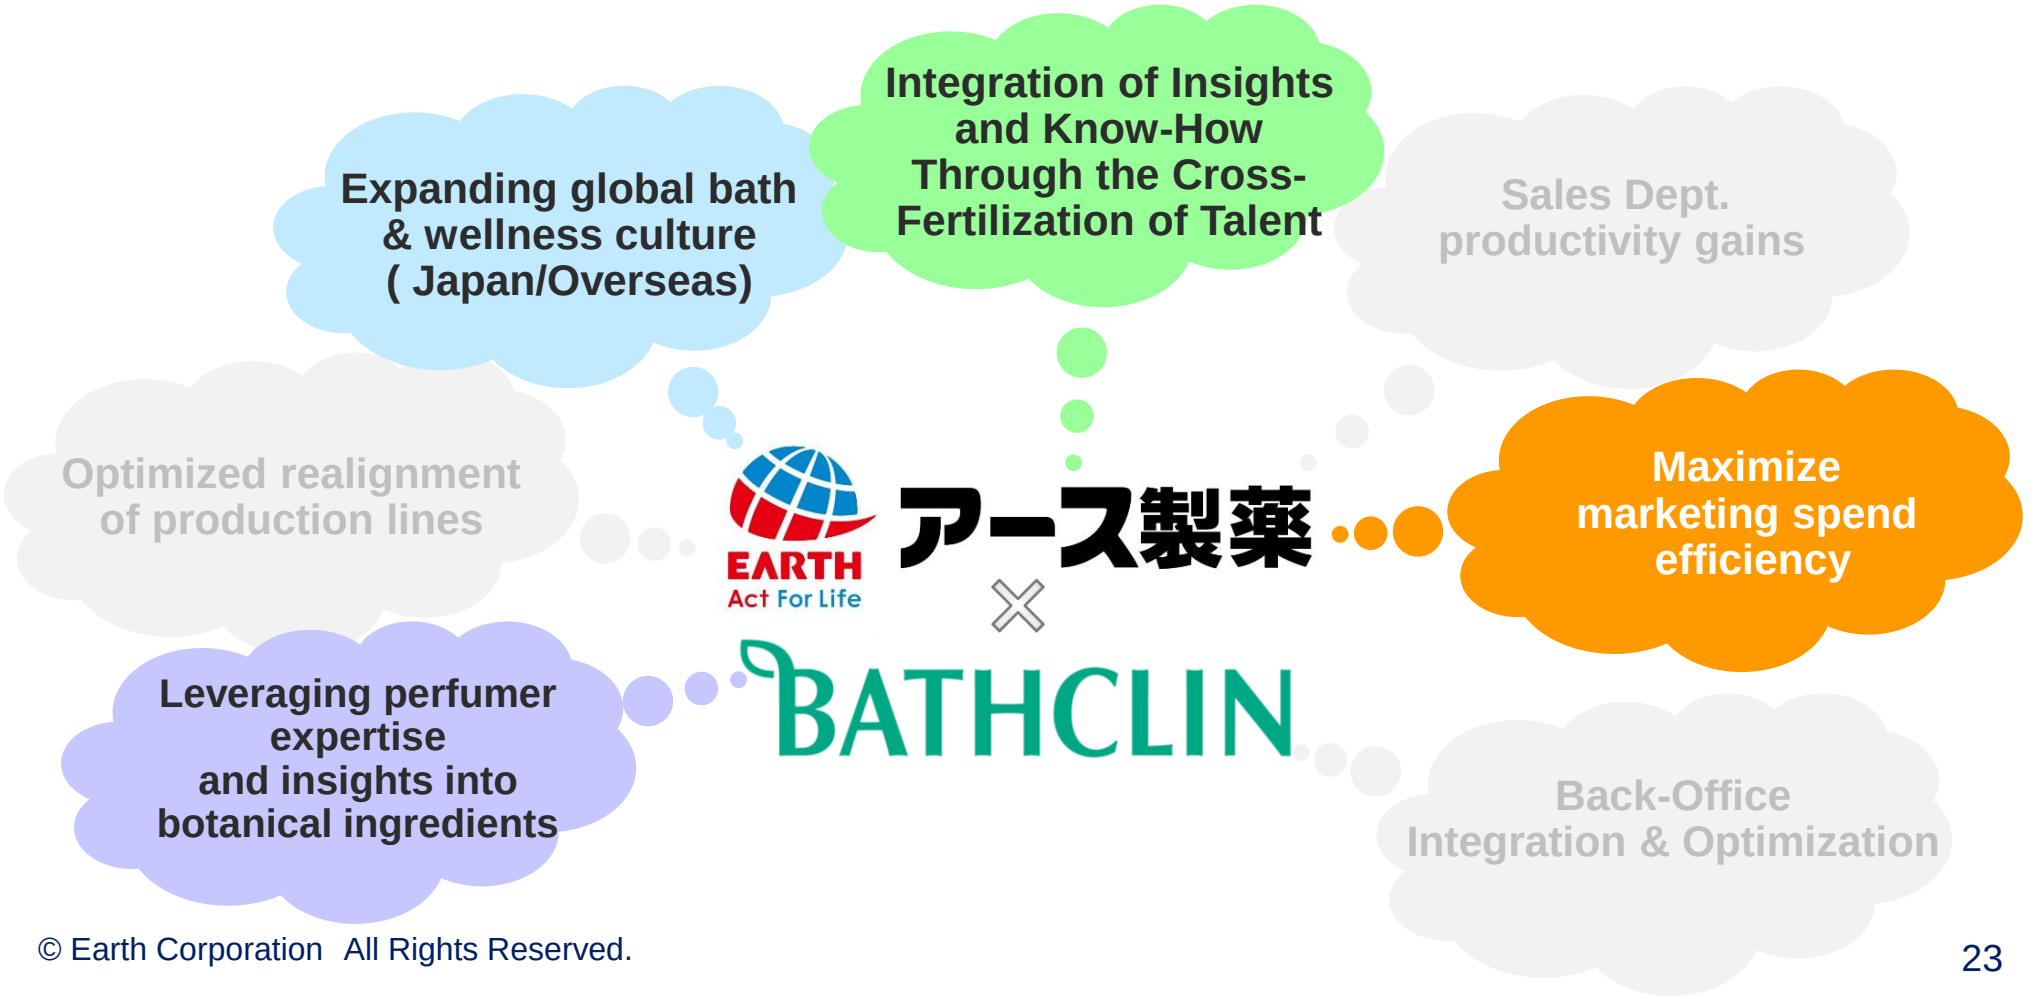

- Taking the “MONDAMIN” rebranding as an opportunity, the company is targeting new customer segments.
- The company is intensifying its advertising investment in “MONDAMIN Premium Care,” which has greater potential for brand awareness growth compared to its regular products.
- Based on the finding that participants in sampling campaigns demonstrate a high intent to purchase, the company is further strengthening efforts to create real-world experience opportunities in addition to mass media advertising.

© Earth Corporation All Rights Reserved.

Bathclin's Synergies from Integration

Mid- to Long-Term Goal: Capture a 50% Share of the Bath Additives Market

© Earth Corporation All Rights Reserved.

Bath Salts

Creating Opportunities for Bath Salts and Strengthening the Brand Through the Bathclin Integration

Leveraging Bathclin's expertise to create new value and opportunities for bathing

- We joined the “Industry-Government-Academia Consortium for Heatstroke Prevention”—which includes nine organizations such as the National Institute for Environmental Studies (a National Research and Development Agency)—as a founding member.
- We launched the “Heat Care” website to implement evidence-based initiatives related to “Bathing and Heat Stress Prevention” in society and to promote heatstroke prevention through bathing habits.

Strengthening the Kikiyu Brand

- “Kikiyu” is a brand with high market share and profitability.
- To realize the latent brand value of “Kikiyu,” we are prioritizing the allocation of management resources and actively increasing investment in advertising and promotion.
- We are focusing not only on the product’s effects, efficacy, and functionality, but also on strengthening the value of the “Kikiyu” brand itself.

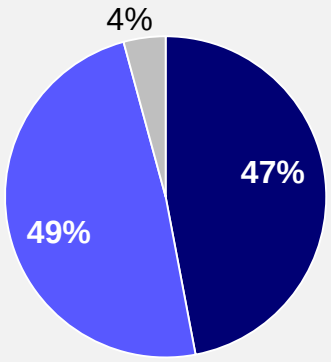

© Earth Corporation All Rights Reserved.

Key Topic: Pricing Actions

- **Raw material and packaging inflation is expected to create a roughly JPY 1 billion full-year headwind to profits.**
- **We expect to recover approx. ¥560 M in profit through price increases implemented in September, primarily within Homecare Products.**

Impact of Cost Inflation

Projected Profit Headwind: approx. ¥1.0 B

Cost Inflation Breakdown

Raw materials	・・・47%
Packaging Materials	・・・49%
Outsourcing	・・・4%

Key Topic: M&A in the General Environment & Sanitation business

- **Earth Environmental Service acquired 100% ownership of a Singapore-based entity, making it a wholly-owned subsidiary.**
- **Positioning Singapore as our ASEAN business hub to establish a foundation for expansion into Indonesia, the Philippines, Malaysia, and India.**

Strategic Rationale

Leveraging Marvel Clean's established service operations and customer base in the Singapore market

×

Earth Environmental Service's expertise in environmental hygiene management and robust product development capabilities

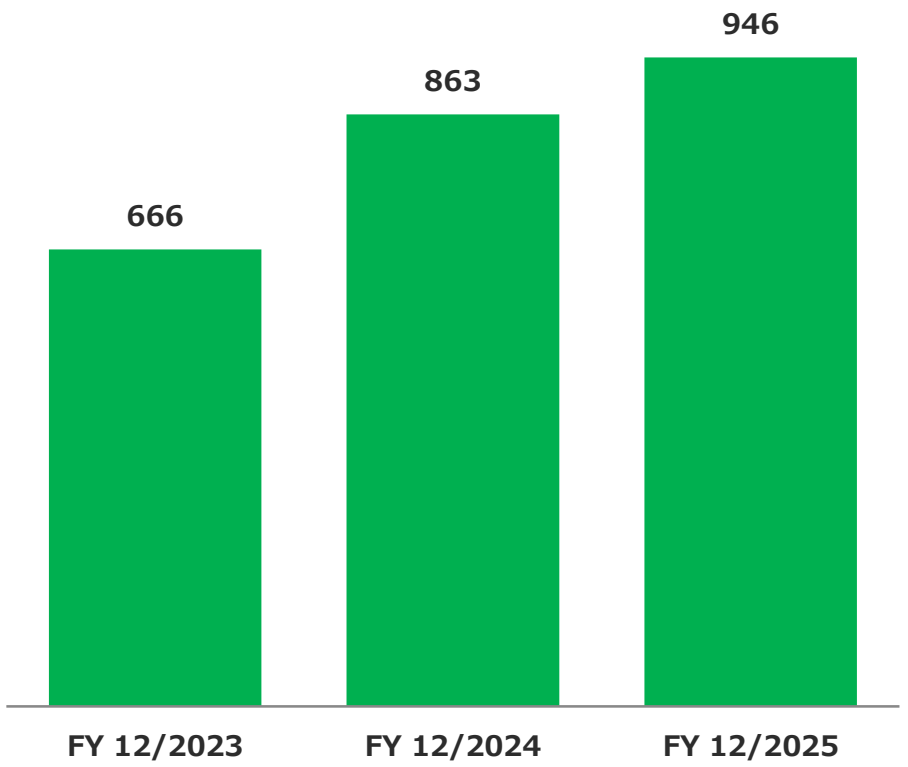

Providing diverse corporate clients—including local Japanese enterprises—with high-value-added, comprehensive environmental hygiene management, delivering one-stop inspection, consulting, and implementation services that go well beyond standard cleaning

MA-T Business Mechanism: On-Demand Activation System

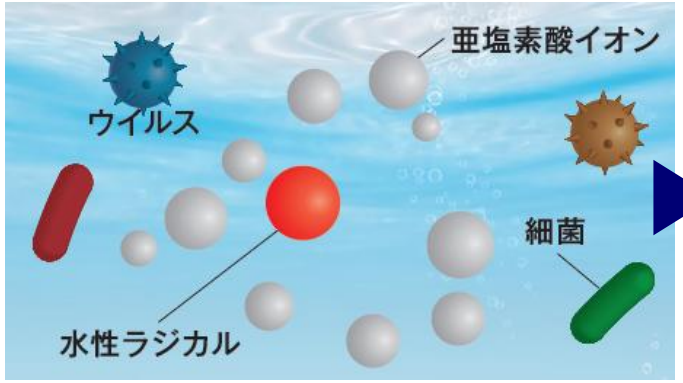

“On-Demand Aqueous Chlorite Ion Solution”

As safe and simple to use as water, this system activates exclusively on demand to deliver maximum efficacy.

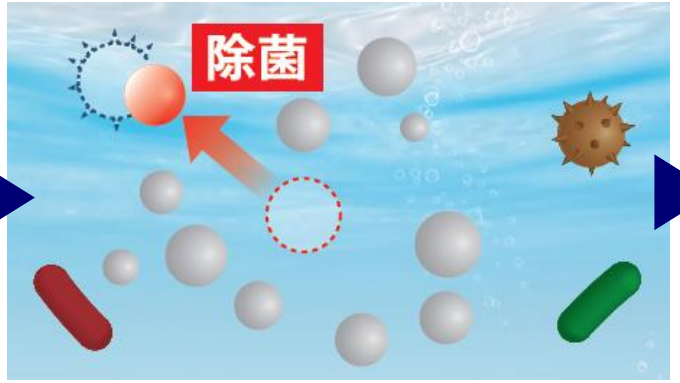

① Formulated with **99% water**

② Aqueous radicals* activate on demand to **eliminate bacteria, viruses, and odors**

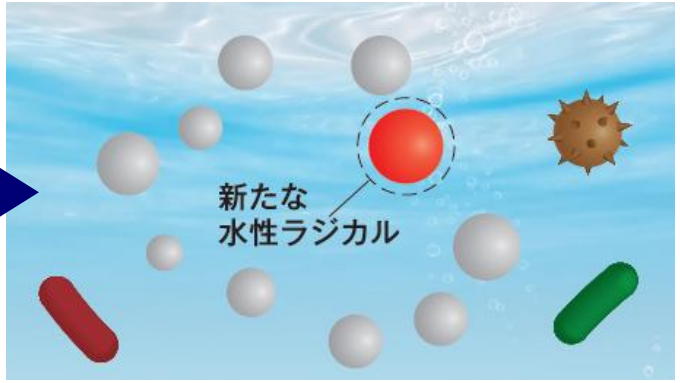

*Radicals: Highly reactive molecules with potent oxidizing (electron-stripping) properties

The MA-T® system safely stabilizes highly controlled 'aqueous radicals' within a water base.

Aqueous radicals neutralize bacteria and viruses upon contact.

The MA-T® system continuously regenerates aqueous radicals, sustaining efficacy until all pathogens are eliminated.

Operating Income Change Factors (YoY)

- **While revenue increased significantly, led by the Insecticides & Repellents, operating profit declined due to an increase in expenses such as advertising and distribution.**
